

Safety Information

Read the Polaroid Consumer Safety Policy (found below) in conjunction with the general instructions and other safety warnings at the beginning of this manual.

Warnings or instructions are indicated throughout the user's manual by the following symbols and icons. Always read carefully the instructions.

Warnings

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment normally uses only one radio transmitter technology and it may interfere with other equipment using the technology with similar features (operating at similar frequencies). However, there is no guarantee that equipment will not exceed FCC equipment requirements. If this equipment does not cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to use one of the following methods to reduce the interference:

- 1. Reorient or relocate the receiving antenna.
- 2. Increase the separation between the equipment and receiver.
- 3. Connecting equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

This equipment must not be so located or so operated as to cause material interference to any other service or equipment.

This equipment complies with the FCC's RF exposure requirements when used in accordance with the instructions. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment does not emit radio frequency energy in a way that could interfere with other equipment.

The device complies with Part 15 of the FCC Rules and the ICES Class of "B" limits. Operation is subject to the following two conditions: (1) the device may not cause interference, and (2) the device must accept any interference, including interference that may cause undesired operation of the device.
