Politically Incorrect Guide to the Constitution Kevin Gutzman,2007-06-11 The Constitution of the United States created a representative republic marked by federalism and the separation of powers Yet numerous federal judges led by the Supreme Court have used the Constitution as a blank check to substitute their own views on hot button issues such as abortion capital punishment and samesex marriage for perfectly constitutional laws enacted by We the People through our elected representatives Now The Politically Incorrect Guide to the Constitution shows that there is very little relationship between the Constitution as ratified by the thirteen original states more than two centuries ago and the constitutional law imposed upon us since then Instead of the system of state level decision makers and elected officials the Constitution was intended to create judges have given us a highly centralized system in which bureaucrats and appointed not

elected officials make most of the important policies In *The Politically Incorrect Guide to the Constitution* Professor Kevin Gutzman explains how the Constitution Was understood by the founders who wrote it and the people who ratified it Follows the Supreme Court as it uses the fig leaf of the Constitution to cover its naked usurpation of the rights and powers the Constitution explicitly reserves to the states and to the people Slid from the Constitution s republican federal government with its very limited powers to an unrepblican judgeocracy with limitless powers How the Fourteenth Amendment has been twisted to use the Bill of Rights as a check on state power instead of on federal power as originally intended The radical inconsistency between constitutional law and the rule of law Contends that the judges who receive the most attention in history books are celebrated for acting against the Constitution rather than for it As Professor Gutzman shows constitutional law is supposed to apply the Constitution s plain meaning to prevent judges presidents and congresses from overstepping their authority If we want to return to the founding fathers vision of the Republic if we want the Constitution enforced in the way it was explained to the people at the time of its ratification then we have to overcome the received wisdom about what constitutional law is *The Politically Incorrect Guide to the Constitution* is an important step in that direction **The Politically Incorrect Guide to the Middle East** Martin Sieff, 2008-01-27 Examines the Middle East from the decline of the Ottoman Empire to the present discussing such topics as the history of radical Islam the conflicts between the Arabs and Israelis and political movements in Iran Iraq and Saudi Arabia *Politically Incorrect Guide to the Great Depression and the New Deal* Robert P.
