Pope Pius Vi 1775 1799:

The Authority of His Holiness Pope Pius VI. For Constituting the New See of Baltimore in Maryland.
Translated from the Original. [6 November 1789.]. Catholic Church. Pope (1775-1799 : Pius VI),1790 **Love for the Papacy and Filial Resistance to the Pope in the History of the Church** Roberto de Mattei,2019-05-11 In this book Roberto de Mattei steers us perceptively through centuries of Church history concerning both the wise and the disastrous decisions of popes and councils from the role of Pope Liberius in the Arian crisis to the troubled Vatican compromises with the French Third Republic from the Ostpolitik and liturgical rupture of Paul VI to the erosion of dogmatic truths and moral absolutes under Pope Francis In these and in many more examples de Mattei s judgment rings true popes have been mistaken in their political pastoral and even magisterial acts and the resistance of the faithful to such acts is a duty and a cause of benefit Along the way we are offered an illuminating catechism in ecclesiology the nature of the Magisterium and the limits of papal authority Especially helpful are de Mattei s discussion of the hypothesis of a heretical pope his clear explanation of the difference between filial resistance and disobedience to the Successors of the Apostles when they make heterodox pronouncements and his ample treatment of the significance and profound implications of recent public remonstrations with the current pontificate on behalf of orthodoxy The author s rich historical narratives deftly intertwined with dogmatic moral and canonical principles make this work a potent resource for grappling with the current crises of the Church **Letter Of The French Bishops Residing In England, To The Late Pope Pius Vi.: And The Answer Of His Holiness: Together With The Latin Originals** Pope Pius Vi,Catholic Church Pope (1775-1799 Pius,2023-07-18 A historically significant exchange of letters between French bishops and Pope Pius VI discussing the French Revolution and the relationship between the Catholic Church and the French government This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **God's Diplomats** Victor Gaetan,2023-07-15 Using inside sources and extensive field reporting about the secretive high stakes world of international diplomacy Vatican reporter Victor Gaetan takes readers to the Holy See to explicate Pope Francis s diplomacy show why it works and to offer readers a startling contrast to the dangerous inadequacies of recent U S international decisions **The Collapse of Freedom of Expression** Jordi Pujol,2023-02-15 This book offers a holistic account of the problems posed by freedom of expression in our current times and offers corrective measures to allow for a more genuine exchange of ideas within the global society The topic of free speech is rarely addressed from a historical

philosophical or theological perspective In *The Collapse of Freedom of Expression* Jordi Pujol explores both the modern concept of the freedom of expression based on the European Enlightenment and the deficiencies inherent in this framework Modernity has disregarded the traditional roots of the freedom of expression drawn from Christianity Greek philosophy and Roman law which has left the door open to the various forms of abuse censorship and restrictions seen in contemporary public discourse Pujol proposes that we rebuild the foundations of the freedom of expression by returning to older traditions and incorporating both the field of pragmatics of language and theological and ethical concepts on human intentionality as new complementary disciplines Pujol examines emblematic cases such as Charlie Hebdo free speech on campus and online content moderation to elaborate on the tensions that arise within the modern concept of freedom of expression The book explores the main criticisms of the contemporary liberal tradition by communitarians libertarians feminists and critical race theorists and analyzes the gaps and contradictions within these traditions Pujol ultimately offers a reconstruction project that involves bridging the chasm between the secular and the sacred and recognizing that religion is a font of meaning for millions of people and as such has an inescapable place in the construction of a pluralist public sphere
