### Definitions of Nationalism

- Nationalism is a political ideology that emphasizes the interests and culture of a particular nation, often in opposition to foreign influence.
- It can manifest in various forms, including civic nationalism, which focuses on shared citizenship and values, and ethnic nationalism, which is based on shared heritage and ethnicity.

- Nationalism can be both a unifying force and a source of conflict, as it can lead to exclusionary practices against minority groups.
- The rise of nationalism in the 20th century was often linked to the formation of nation-states and the quest for self-determination.
- Modern examples include movements for independence in regions like Catalonia and Scotland, highlighting the ongoing relevance of nationalism.

### Nationalism Past and Present

- The evolution of nationalism from a revolutionary force in the 18th and 19th centuries to its current manifestations in populist movements.
- Case study: The impact of nationalism in post-colonial states, where newly independent nations grappled with national identity.
