Robert P George :

The Clash of Orthodoxies Robert P. George, 2023-06-20 In *The Clash of Orthodoxies Law Religion and Morality in Crisis* Robert George tackles the issues at the heart of the contemporary conflict of worldviews Secular liberals typically suppose that their positions on morally charged issues of public policy are the fruit of pure reason while those of their morally conservative opponents reflect an irrational religious faith George shows that this supposition is wrong on both counts Challenging liberalism's claim to represent the triumph of reason George argues that on controversial issues like abortion euthanasia same sex unions civil rights and liberties and the place of religion in public life traditional Judeo Christian beliefs are rationally superior to secular liberal alternatives *The Clash of Orthodoxies* is a profoundly important contribution to our contemporary national conversation about the proper role of religion in politics The lucid and persuasive prose of Robert George one of America's most prominent public intellectuals will shock liberals out of an unwarranted complacency and provide powerful ammunition for embattled defenders of traditional morality

Truth Matters Robert P. George, Cornel West, 2025-01-21 Two leading public intellectuals and dear friends one progressive one conservative explore What is Truth and Why Does Truth Matter In *Truth Matters* Cornel West and Robert P George address a range of social issues on which Americans today are bitterly divided Their book models robust intellectual engagement and civil discourse as they explore vital questions surrounding the idea of truth and its foundational role in our lives Along the way they reflect on social conditions such as respect for freedom of speech that must be established and maintained if truth is to be seriously pursued They also explore the virtues such as intellectual humility and courage that must be acquired and practiced if we frail fallible fallen human beings are to be determined truth seekers and bold truth speakers

Seeking Truth and Speaking Truth Robert George, 2025-07-08 A wide ranging collection of essays from one of America's leading public intellectuals In *Seeking Truth and Speaking Truth* acclaimed political philosopher and legal scholar Robert P George tackles one of the most vexing issues dividing Americans today He argues that the Age of Faith of the Medieval period and the Age of Reason of the European Enlightenment have been followed by a modern Age of Feeling in which people derive their beliefs not from faith or reason or faith and reason but from emotion which becomes the central source of truth And so many have embraced a fierce moral absolutism on the basis of beliefs that are the products of nothing more than subjective inclinations and experiences This collection of essays challenges the Age of Feeling by appealing to reason in the pursuit of sound moral understanding on crucial and contentious topics of human dignity the definition of marriage philosophy of law constitutional law the nature of civil liberties free markets and others Robert George has taught generations of students at Princeton University and Harvard Law School and he has long proclaimed that a teacher's sacred mission is to form his students to be determined truth seekers and courageous truth speakers In *Seeking Truth and Speaking Truth* he shows us how it is done

Social Conservatism for the Common Good Andrew T. Walker, 2023 This work seeks from an evangelical perspective

to introduce explore and critically engage the work of the renowned Catholic and conservative scholar Robert P George McCormack Professor of Jurisprudence at Princeton University who is regarded by The New York Times as the most important living social conservative philosopher It critically examines the broad contours of George s thought as a constitutional scholar political philosopher and ethicist *Lies, Incorporated* Ari Rabin-Havt,Media Matters for America,2016-04-19 A stunning investigation of the history of organized misinformation in politics In today s post truth political landscape there is a carefully concealed but ever growing industry of organized misinformation that exists to create and disseminate lies in the service of political agendas Ari Rabin Havt and Media Matters for America present a revelatory history of this industry which they ve dubbed Lies Incorporated and show how it has crippled legislative progress on issues including tobacco regulation public health care climate change gun control immigration abortion and same sex marriage Eye opening and indispensable Lies Incorporated takes an unflinching look at the powerful network of politicians and special interest groups that have launched coordinated assaults on the truth to shape American politics **Making Men Moral** Robert P. George,1995-04-06 Contemporary liberal thinkers commonly suppose that there is something in principle unjust about the legal prohibition of putatively victimless immoralities Against the prevailing liberal view Robert P George defends the proposition that moral laws can play a legitimate if subsidiary role in preserving the moral ecology of the cultural environment in which people make the morally significant choices by which they form their characters and influence for good or ill the moral lives of others George shows that a defence of morals legislation is fully compatible with a pluralistic perfectionist political theory of civil liberties and public morality *Social Conservatism for the Common Good* Andrew Walker,2022-12-21 Carl R Trueman and Other Christian Evangelical Scholars Examine the Life and Work of Renowned Catholic Social Conservative Thinker Robert P George Robert P George McCormick Professor of Jurisprudence at Princeton University is one of the most influential conservative intellectuals of his generation Among many honors and accolades George received the US Presidential Citizens Medal from President George W Bush and served as chairman of the United States Commission on International Religious Freedom USCIRF Though a Catholic himself George s influence has transcended traditional religious categories to shape evangelical discourse on politics ethics and political philosophy throughout his career In this thorough introduction and careful analysis of George s work for Protestant audiences editor Andrew T Walker gathers essays from high profile evangelical writers and academics including Carl R Trueman Hunter Baker Jennifer Marshall Patterson and Scott Klusendorf to explore subjects such as faith and reason George s New Natural Law theory and how to collaborate across ideological lines *Social Conservatism for the Common Good* helps Christian evangelicals understand George s philosophy and apply it to their own cultural engagement and public witness *Biography of Influential Conservative Scholar Robert P George* Explores the breadth of his political philosophy and activism as well as his relevance to the evangelical community *Engaging Political Analysis from a Biblical Perspective* With a foreword by US

Senator Ben Sasse this book covers important cultural and academic topics including human rights social and public ethics and pro life issues Ideal Resource for Evangelical Scholars and Thinkers Written for pastors students and those interested in politics this robust book appeals to readers of Carl R Trueman's *The Rise and Triumph of the Modern Self* **Conjugal Union** Patrick Lee, Robert P. George, 2014 **Natural Law and Evangelical Political Thought** Jesse Covington, Bryan T. McGraw, Micah Watson, 2012-11-16 Natural law has long been a cornerstone of Christian political thought providing moral norms that ground law in a shareable account of human goods and obligations Despite this history twentieth and twenty first century evangelicals have proved quite reticent to embrace natural law casting it as a relic of scholastic Roman Catholicism that underestimates the import of scripture and the division between Christians and non Christians As recent critics have noted this reluctance has posed significant problems for the coherence and completeness of evangelical political reflections Responding to evangelically minded thinkers increasing calls for a re engagement with natural law this volume explores the problems and prospects attending evangelical rapprochement with natural law Many of the chapters are optimistic about an evangelical re appropriation of natural law but note ways in which evangelical commitments might lend distinctive shape to this engagement **Liberty and Civilization** Roger Scruton, 2010 An essential volume of essays commissioned by the American Spectator and edited by the philosopher Roger Scruton Liberty and Civilization examines the intellectual and spiritual traditions of our belief in individual liberty from its Judeo Christian origins on through Enlightenment philosophy As we are confronted by belligerent atheism at home and jihadist Islam abroad Liberty and Civilization is an invaluable tool for understanding why it is critical that we defend the cultural religious and intellectual institutions that have made our civilization great As one would expect from the American Spectator the responses are both fiery and edifying representing a broad swath of American conservative thought The essayists include Paul Johnson Anne Applebaum Robert Bork Robert P George Christina Hoff Sommers and Roger Scruton After Roe Mary Ziegler, 2015-06-08 In the decade after the 1973 Supreme Court decision on abortion advocates on both sides sought common ground But as pro abortion and anti abortion positions hardened over time into pro choice and pro life the myth was born that Roe v Wade was a ruling on a woman's right to choose Mary Ziegler's account offers a corrective Public Practice, Private Law Gary Chartier, 2016-04-07 Marriage is ordinarily a public practice supported by as well as supportive of society But it need not fall within the purview of the state Public Practice Private Law articulates a conception of marriage as a morally rich and important institution that ought to be subject to private rather than legislative or judicial ordering It elaborates a robust understanding of marriage that captures what both different sex and same sex couples might see as valuable about their relationships It explains why sexual ethics won't yield a normative model of marriage and why the kind of marital love worth wanting can It goes on to show how an understanding of marriage as rooted in demanding commitments can allow for divorce before arguing that the state should cease to sponsor marriages It concludes by suggesting that both state and non state institutions should acknowledge the

marriages of same sex couples Virginia Slave Births Index, 1853-1865, Volume 5, S-Z Alexandria Library (Alexandria, Va.),2007-01-01 In 1853 the Commonwealth of Virginia began an annual registration of births and deaths The Birth Index of Slaves 1853 1865 was later transcribed by the Works Project Administration WPA and recorded on microfilm While the information name of slave owner infant s name mother s name birth date place of birth is of immense value to genealogists working with the microfilm can be problematic Hence the creation of this multi volume reference work Virginia Slave Births Index 1853 1865 In 2003 staff and volunteers with Local History Special Collections Alexandria Library began to transcribe the WPA microfilm enter data into spreadsheets and sort the information by slave owner s surname and given name Entries include single births multiple births and stillbirths Occasionally both parents of an enslaved infant are identified In rare instances the name of a freeborn infant appears Independent city and county names are spelled out Data not reported in the microfilm is denoted by Illegible text in the microfilm is denoted by This index includes more than 130 000 entries A4453HB 45 00 **Marriage and Same-Sex Unions** Lynn D. Wardle,Mark Strasser,William C. Duncan,David Orgon

Coolidge,2003-04-30 This book exemplifies the high quality of thoughtful discussion and debate that is possible on the issue of same sex marriage Authors are paired to address and respond to a particular topic one in favor of state recognition of same sex relationships and one in favor of limiting state recognition to those relationships that have been traditionally recognized as marriages Proposals to legalize same sex marriage evoke strong response from those on both sides of the debate Much has been written about the legal policy issues over the legal recognition of same sex unions in the United States yet there has been little dialogue and exchange between participants in the debate This book attempts to open that dialogue and to exemplify the high quality of thoughtful discussion and debate that is possible Authors are paired to address and respond to a particular topic one in favor of state recognition of same sex relationships and one in favor of limiting state recognition to those relationships that have been traditionally recognized as marriages This ideal introduction is designed to lead the reader through the relevant issues progressing from the general to the particular Debates are contextualized offering comparative historical and family policy perspectives asking fundamental questions such as what is the purpose of a family and what interests if any that state has in promoting a particular type of family over others Issues of jurisprudence and political philosophy are examined addressing the public benefits of marriage and equal treatment before the law among other items The constitutionality of same sex marriage or domestic partnership policies is explored Finally this book covers the broad implications when states such as Vermont legally recognize same sex unions and the impact of international recognition of same sex marriage rights **The Rattle of Theta Chi** ,1939 *Official Register of the United States* ,1951

Prophecy without Contempt Cathleen Kaveny,2016-03-07 The culture wars have as much to do with rhetorical style as moral substance Cathleen Kaveny focuses on a powerful stream of religious discourse in American political speech the Biblical rhetoric of prophetic indictment It can be strong medicine against threats to the body politic she shows but used

injudiciously it does more harm than good **Conservatives and the Constitution** Ken I. Kersch, 2019-03-28 Since the 1980s a ritualized opposition in legal thought between a conservative originalism and a liberal living constitutionalism has obscured the aggressively contested tradition committed to and mobilization of arguments for constitutional restoration and redemption within the broader postwar American conservative movement *Conservatives and the Constitution* is the first history of the political and intellectual trajectory of this foundational tradition and mobilization By looking at the deep stories told either by identity groups or about what conservatives took to be flashpoint topics in the postwar period Ken I Kersch seeks to capture the developmental and integrative nature of postwar constitutional conservatism challenging conservatives and liberals alike to more clearly see and understand both themselves and their presumed political and constitutional opposition *Conservatives and the Constitution* makes a unique contribution to our understanding of modern American conservatism and to the constitutional thought that has in critical ways informed and defined it **The Cambridge Handbook of Natural Law and Human Rights** Tom Angier, Iain T. Benson, Mark D. Retter, 2022-11-17 This Handbook provides an intellectually rigorous and accessible overview of the relationship between natural law and human rights It fills a crucial gap in the literature with leading scholarship on the importance of natural law as a philosophical foundation for human rights and its significance for contemporary debates The themes covered include the role of natural law thought in the history of human rights human rights scepticism the different notions of subjective right the various foundations for human rights within natural law ethics the relationship between natural law and human rights in religious traditions the idea of human dignity the relation between human rights political community and law human rights interpretation and tensions between human rights law and natural law ethics This Handbook is an ideal introduction to natural law perspectives on human rights while also offering a concise summary of scholarly developments in the field **Human Dignity and Assisted Death** Sebastian Muders, 2018 Assisted dying and human dignity are two extremely contested topics in Bioethics This volume offers the first book length attempt to bring both together Its authors develop detailed philosophical analyses of dignity and how it relates to assisted suicide and euthanasia

Robert P George Introduction

In today's digital age, the availability of Robert P George books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Robert P George books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Robert P George books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Robert P George versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Robert P George books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Robert P George books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Robert P George books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free

access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Robert P George books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Robert P George books and manuals for download and embark on your journey of knowledge?
