**Made to be Loved** Stephen B. Bell, Valerie Bell, 1999-01-11 While desired the idea of spiritual intimacy is scary and even threatening to some couples They've tried those other couples devotional books but sharing Bible study and prayer time together just doesn't come naturally And when these sharing times seem awkward and manipulated many couples put the book back on the shelf and simply go on as they were before If this sounds all too familiar Made to Be Loved is the sip of cool water for your thirsty marriage Steve and Valerie Bell encourage couples to go beyond treating the symptoms of a marriage that lacks spiritual intimacy and go straight to the root of the problem The real disease that threatens marriages is spiritual distance from God According to the Bells when a husband and wife invite God into their marriage their perspectives change Hearts are softened expectations become more realistic sexual relations take on a soulful sweetness even fights get better Take your marriage to the next level with the help of Steve and Valerie Bell Develop a deeper love relationship with you God and in doing so create a whole new atmosphere in your marriage

**Geometry with Applications and Proofs** Aad Goddijn, Martin Kindt, Wolfgang Reuter, 2014-12-03 This book shows how geometry can be learned by starting with real world problems which are solved by intuition common sense reasoning and experiments Gradually the more formal demands of mathematical proofs get their proper place and make it possible to explore new

applications This process helps students to feel the need for precise definitions and procedures to contribute to the construction of an axiomatic system and to experience the power of systematic reasoning The course is designed for students in a Nature Technology strand which prepares for studying the sciences or technology at university level Its goal was basically to reintroduce proof in a meaningful way in the late 1990s Dutch secondary education curriculum Following the educational view of the Freudenthal Institute this is not done by stating Euclid's axioms on page one but rather a starting point is chosen in students intuitions and tentative solutions of problems that are experienced as real and relevant The photograph on the cover shows students exploring one of the problems from the midpart of the course in the computerlab
