

## My Volunteering Experience

Community involvement. It never can get better than getting involved in your own community. Just to know that you are helping your community become a better place. One action at a time. From picking up a little piece of garbage to starting a non-profit organization with aims to assisting the homeless (with food, water, shelters, or other related items in which they might need), it all makes a big difference. It is all just one domino in a long domino chain. If one of the dominos are not there, the desired effect might not take place. Therefore, I love getting involved in the community often. I feel as if I am doing one of the functions required for a healthy community. While I was volunteering at different Good Will stores and Salvation Army locations, I found they too wanted a healthy community, and that's why they do what they do. Let's talk about that.

Working at Good Will may have been the best decision I could have made. I know I am forced to get these community service hours, but honestly, I feel as if it is aiding me more than I could have ever imagined. The employees (people who got worked at good will for a living) were always so happy. Have you ever seen a movie taking place at a hotel? Isn't odd how all of the hotel staff seem so happy to greet the cast? This same feeling, was the feeling you felt when you walked through the doors at good will. It was not Wal-Mart. The employees did not dread (at least so it seemed) needing to go and work on their scheduled days. Barbara, the manager, was always eager to assist the employees and her customers. Overall, Good Will gave me a great life experience, but Good Will was not the only good experience I received during community involvement.
