*The Quest for Professionalism* Georges Romme, 2016 Early pioneers in management thinking such as Henri Fayol and Peter Drucker conceived of management as a science based professional activity that serves the greater good Today however many organizations are managed by people demonstrating anything but professionalism resulting in mismanagement of risks as well as a one dimensional focus on short term results The key thesis in this book is that The Quest for Professionalism must be revitalized because the societal costs and damage caused by managerial amateurism are huge The book is about how to address this grand challenge for example by exploring whether and how a shared professional purpose and a professional body of knowledge can be developed While most work in this area has previously focused on management education The Quest for Professionalism adopts an inside out approach implying management scholarship is the driving force behind any intrinsic transformation of the profession at large Without management scholars playing an active role in advancing science based professionalism in the mould of engineering and medicine any attempt to professionalize management practice is doomed to fail Moreover Georges Romme demonstrates the professionalization quest has to move away from the idea of management being confined to a few people at the top toward management as a technology for distributing power and leadership throughout the organization

**Once Upon a Time in**

**Facilities Management** Patricia McCarroll, John Hassard, 2024-09-23 What would the world of work look like if interpreted through the lens of the fairytale To answer this question Once Upon a Time in Facilities Management explores storied spaces and metaphorical archetypes in the study of business management and organization At its core the authors offer a diagnostic approach for the study of work organization that links management theory storytelling and the business imaginary An important empirical focus is also included that explores a business service rarely studied in the management literature Facilities Management FM a secondary service of non core and increasingly outsourced organizational functions An in depth appreciation of FM is provided that assesses the people practices and processes of the service in a study that also highlights the characteristic liminality of the sector s professional activities Emphasis is placed on illuminating the storytelling nature of the service using primarily the genre of fairytales to identify representational archetypes including queen shadow sage trickster adventurer and eternal child within FM s storied space In the process three central characters essentially modes of FM delivery are identified the professional consultant the external service provider and the in house function with these forming the structural basis of fairytales explaining the culture and symbolism of FM as a business service The authors conclude by extrapolating findings from the study to inform a discussion of the contributions of folkloric analysis to organization theory explicitly and our understanding of business and management practice more widely *The Routledge Companion to Cross-Cultural Management* Nigel Holden, Snezhina Michailova, Susanne Tietze, 2015-04-24 This Routledge Companion provides a timely and authoritative overview of cross cultural management as an academic domain and field of practice for academics and students With contributions from over 60 authors from 20 countries the book is organised in to five thematic areas Review survey and critique Language and languages moving from the periphery to the core Cross cultural management research and education The new international business landscape Rethinking a multidisciplinary paradigm Edited by an international team of scholars and featuring contributions from a range of leading cross cultural management experts this prestigious volume represents the most comprehensive guide to the development and scope of cross cultural management as an academic discipline **Comparative Causal Mapping** Mauri Laukkanen, Mingde Wang, 2016-03-03 Comparative Causal Mapping The CMAP3 Method by Mauri Laukkanen and Mingde Wang is an introduction to the conceptual backgrounds of causal cognitive mapping and to the typical methods in comparative and composite causal mapping based on either interview or questionnaire primary data or on secondary documentary data The discussed CCM research is supported by CMAP3 a freely downloadable [www.uef.fi/cmap3](http://www.uef.fi/cmap3) Windows software platform for CCM studies The book has three parts The first discusses the theoretical underpinnings and methodological issues in causal mapping including the target phenomena and different interpretations of causal maps mapping the motives for using CCM methods and the criteria of method selection The second part focuses on the technical aspects of using CMAP3 in typical CCM research The third part presents three CCM study cases a classical document based study a semi structured interview

based SIM study and a methodological study comparing SIM with an electronically administered structured hybrid CCM approach In addition to demonstrating CCM practices they suggest that different methods produce divergent results and are thus not substitutable The research task should determine which CCM approach is appropriate The book will appeal to both academic and professional audiences in particular to doctoral students and experienced researchers looking for new topics and method approaches but also to practitioners in fields such as management and organization studies organizational development public policy and education and knowledge management

**Philosophy and Organization Theory** Haridimos Tsoukas, Robert Chia, 2011-02-03 What is the relationship between philosophy and organization theory OT This title includes the papers that explore connections between several streams in philosophy and OT It explores the question What does a particular philosophy contribute to OT

*Creative Leadership* Charalampos Mainemelis, Olga Epitropaki, Ronit Kark, 2018-09-03 There has never been a better time to study practice and experience creative leadership In the fluid and turbulent economic and social environments of the 21st century creative leadership has become a cardinal force in the creation and evolution of adaptive organizations In the last two decades organizational science has witnessed a rapid increase in the number of studies on the nature skills and processes of creative leadership The resulting accumulated body of knowledge has remained for many years dispersed and fragmented across multiple strands of organizational research This volume seeks to foster the cross fertilization of scientific knowledge and insight by bringing together authoritative contributions from leading scholars whose work is located in different strands of creative leadership research Creative Leadership Contexts and Prospects builds upon a recently introduced multi context framework that integrates metatheoretically three conceptualizations of creative leadership found in the extant literature Facilitating employee creativity Directing the materialization of a leader s creative vision and Integrating heterogeneous creative contributions These three conceptualizations reflect essential differences in the enactment of creative leadership across various collaborative contexts of creative work and they underlie the intellectual efforts of different research strands The collection of chapters in Creative Leadership Contexts and Prospects offers the latest thinking on creative leadership in facilitative directive and integrative contexts and a stimulating set of ideas for crafting the next generation of nuanced theories and empirical studies in the field

**Challenging Entrepreneurship Research** Hans Landstrom, Annaleena Parhankangas, Alain Fayolle, Philippe Riot, 2016-06-10 The growth of entrepreneurship research has been accompanied by an increased convergence and institutionalization of the field In many ways this is of course positive but it also represents how the field has become mainstream with the concomitant risk that individual scholars become embedded in a culture and incentive system that emphasizes and rewards incremental research questions while reducing the incentives for scholars to conduct challenging research This book challenges this status quo from accepted theories methodologies and paradigmatic assumptions to the relevance or lack of for contemporary practice and the impact of key journals on scholars directions in

entrepreneurship research An invited selection of the younger generation of scholars within the field of entrepreneurship research adopt a critical and constructive posture on what has been achieved in entrepreneurship research the main assumptions which underly it but also open up new paths for creative entrepreneurship research in the future This is a must read for all scholars educators and advanced students in entrepreneurship research      **Marketing Research** Steve D'Alessandro,Hume Winzar,Ben Lowe,William Zikmund,2020-06-18 Marketing Research 5e equips students with the knowledge and skills required to successfully undertake marketing research Combining a solid theoretical foundation with a practical step by step approach the marketing research process is explored through a learning model that is constantly reinforced throughout the text Using local and international examples data sets and case studies to explain traditional marketing research methods Marketing Research also examines new theories and techniques To reflect emerging industry practices each stage of research reporting is detailed as well as a range of presentation methodologies For analysing data the text covers both SPSS and Excel outputs This text is indispensable for students studying marketing research in any business or marketing course Premium online teaching and learning tools are available on the MindTap platform Learn more about the online tools [cengage.com/au/mindtap](http://cengage.com/au/mindtap)      **Perspectives in Entrepreneurship** Kevin Mole,Monder Ram,2017-09-16 This core textbook presents different ways of thinking about entrepreneurship instead of topics such as finance or opportunities the book focuses on perspectives or ways of seeing Written by leading experts the text examines the emergence and development of entrepreneurship as an academic discipline and takes a critical look at the varying positions in the field as well as their overall contribution to entrepreneurship as a whole Through twelve chapters written from such wide ranging perspectives as feminism psychology institutionalism critical realism and evolution the book provides a clear and accessible framework that encourages students critical engagement with the subject This is an essential textbook for upper level undergraduate and postgraduate students of entrepreneurship      **Realizing Business Model Innovation** Martin Trapp,2014-02-06 Today s profound environmental dynamics render it increasingly difficult for firms to sustain business models with returns above the industry average Business model innovation aims to seize a new opportunity by crafting the right new business model It offers firms a path back to high returns and profitable growth However risk aversion and organizational rigidities may immobilize established industry players Martin Trapp employs an explorative multiple case study covering large European corporations to identify management practices These practices support business unit managers in successfully realizing business model innovation and together establish a deliberate strategic level management approach      **Accounting Control and Controlling Accounting** Jane Broadbent,Richard Laughlin,2013-05-21 This book critically analyses the extensive forms of societal regulatory requirements using forms of Accounting Control particularly those that are exerted over public sector organisations and the strategies of Controlling Accounting that are used by these organisations to minimise the effects of these requirements      *Introduction to Organisational Behaviour* Michael Butler,Ed
