always seem to be building or modifying their facilities Projects can be short lived and the owners don t need a permanent staff for specific projects where the employees cannot be reassigned after job completion They rely on contractors to execute the work acting as the owner s agent gather the necessary documents to request their monthly reimbursement and provide one accurate invoice for payment The owner processes the bill as they would any other bill with perhaps a cursory review of the summary a math verification of totals and some cross matching of labor rates equipment rental rates etc Rarely is an in depth review performed by a unique department such as Construction Audit but by the Accounts Payable Department The Accounts Payable Foundation Drilling ,1988-11 Catalog of Copyright Entries.
