*A handy book of Church discipline, and the act of 3 & 4 Victoria, cap. 86* Charles Egan, 1867      **The Publishers' Trade List Annual**, 1881      *Cursus honorum: pathways to rank and power in the roman republic* Francisco Pina Polo, 2025-03-24

This volume addresses a crucial issue for the political culture of the Roman Republic competition among individuals and families of the social elite This rivalry came to head at the annual elections of new magistrates every year a number of candidates ran for office and whereas some obtained sufficient votes from the people others were defeated The political career of a Roman citizen therefore took the shape of a hierarchical ladder *cursus honorum* whose rungs corresponded to the age at which one or other magistracy was attained The book deals with the position of the *cursus honorum* in Republican history reflects on the way scholarship has constructed its political and social significance for the political culture of the period and discusses questions relating to how Roman citizens pursued different political careers The outcome is a groundbreaking and essential contribution to a better understanding of the Roman Republic      **Franciscan Literature of Religious Instruction before the Council of Trent** Bert Roest, 2004-10-01 This book provides for the first time an exhaustive discussion of the Franciscan production of texts of religious instruction during the later medieval period c 1210 c 1550 In eight chapters it introduces the reader to the most important Franciscan sermon cycles the Franciscan guidelines for living the life of evangelical perfection the many Franciscan novice training manuals the Franciscan catechisms and confession manuals the Franciscan output of liturgical handbooks the large number of Franciscan texts containing more wide ranging forms of religious edification and Franciscan prayer guides This book provides medievalists and Renaissance scholars alike with a new tool to assess the intellectual and religious transformations between the thirteenth and the sixteenth century and contributes to the current re interpretation of the late medieval pastoral revolution      *The National Union Catalog, Pre-1956 Imprints* Library of Congress, American Library Association. Committee on Resources of American Libraries. National Union Catalog Subcommittee, 1969      *The Churchman*, 1890      **Literary Anecdotes of the Eighteenth Century**; John Bowyer Nichols, 1815      **The Prayer Book Dictionary** George Harford, Morley Stevenson, John Walton Tyrer, 1925      *Philosopher-Kings of Antiquity* William Desmond, 2011-10-27 One of the most celebrated of Plato's ideas was that if human society was ever to function successfully then philosophers would need to become kings or kings philosophers In a perfect state therefore philosophic wisdom should be wedded to political power In antiquity who were or aspired to be philosopher kings What was their understanding of wisdom and the limits of knowledge What influence have they had on periods beyond antiquity This volume focuses on Plato and his contemporaries Alexander the Great and his Hellenistic successors Marcus Aurelius and the good emperors Moses Solomon and early Hebrew leaders and Julian the Apostate the last of the pagans In conclusion it looks at the re emergence of the Platonic ideal in important moments of European history such as the Enlightenment The theme of the philosopher king is significant for Greco Roman antiquity as a

whole and this work is unique in detailing the development of an idea through major periods of Greek and Roman history and beyond
