Persepolis by Marjane Satrapi

★ **BIRTH/DEATH DATES AND PLACES OF BIRTH/DEATH + A SHORT BIOGRAPHY**

She was born in 1969 in Iran. She grew up in Tehran where she attended Lycee Francais (a French high school). After the Iranian Revolution of 1979, her parents decided to send her to Austria for school. In Austria, she was expected to live with a friend of her parents, but the friend decided she did not want to accompany Satrapi. Marjane spent her teenage years quite recklessly, throwing herself into romantic relationships and drug use, befriending punks and anarchists. At the age of 18, she returned back to Tehran where she attended college and struggled to adjust to living under a fundamentalist regime.

Upon writing the novel, she wanted to combat the negative images of Iran, and capture the stories of ordinary Iranian people who grew up just like other children.

EXCERPT FROM THE BOOK *Iranians* are very unhappy with the Shah's rule, leading many people to protest. Ever ready to stand up for what was right, Marjane is always pleading to join her parents in political demonstrations, which they refuse due to her young age. However, we find that Satrapi can also have a rebellious side, as proven in the incident in which she has her maid Mehri accompany her to a demonstration on the worst day they could've gone: Black Friday. Indeed, Marjane's mother slaps them both when they return home, as this was the day when so many people had died in one neighborhood that a rumor spread that it was Israeli soldiers who had attacked them, when indeed it had been their own who attacked Persepolis. 1 pg. 38-39. Things start to look up when the Shah finally leaves his post, overthrown by the 1979 Islamic Revolution, leading the whole country to rejoice. Marjane meets two political prisoners who are released after the Shah's departure: two Communists named Siamak and Moshen. Buy a copy to keep reading.

[The Critical Merits of Young Adult Literature](#) Crag Hill, 2014-03-05. This examination of the literary effectiveness of young adult literature from a critical research-oriented perspective answers two key questions asked by many teachers and scholars in the field: Does young adult literature stand up on its own as literature? Is it worthy of close study? The treatment is both conceptual and pragmatic. Each chapter discusses a topical text set of YA novels in a conceptual framework, how these novels contribute to or deconstruct conventional wisdom about key topics, from identity formation to awareness of world issues, while also providing a springboard in secondary and college classrooms for critical discussion of these novels. Uncloaking many of the issues that have been essentially invisible in discussions of YA literature, these essays can then guide the design of curriculum through which adolescent readers hone the necessary skills to unpack the ideologies embedded in YA narratives. The annotated bibliography provides supplementary articles and books germane to all the issues discussed. Closing End Points highlight and reinforce cross-cutting themes throughout the book and tie the essays together.
