

Portrait Poem

Poetry deals with the emotions, just as music. An autobiographical poem is personal—it reveals something about the person writing the poem. It does not have to rhyme. Below is a simple plan for writing your own autobiographical poem. Just follow the steps and—before you know it—it's done.

FIRST STANZA

I am (two special characteristics you have)
I wonder (something you are actually curious about)
I hear (an imaginary sound)
I see (an imaginary sight)
I want (an actual desire)
I am (the first line of the poem repeated)

SECOND STANZA

I pretend (something you actually pretend to do)
I feel (a feeling about something imaginary)
I touch (an imaginary touch)
I worry (something that really bothers you)
I cry (something that makes you very sad)
I am (the first line of the poem repeated)

THIRD STANZA

I understand (something you know is true)
I say (something you believe in)
I dream (something you actually dream about)
I try (something you really make an effort about)
I hope (something you actually hope for)
I am (the first line of the poem repeated)

Teaching Tough Topics Larry Swartz, 2020-01-15 Teaching Tough Topics shows teachers how to lead students to become caring citizens as they read and respond to quality children's literature. It focuses on topics that can be challenging or sensitive yet are significant in order to build understanding of social justice, diversity, and equity. Racism, Homophobia, Bullying, Religious Intolerance, Poverty, and Physical and Mental Challenges are just some of the themes explored. The book is rooted in the belief that by using picture books, novels, poetry, and nonfiction, teachers can enrich learning with compassion and empathy as students make connections to texts, to others, and to the world.

Arts-Based Research Across Textual Media in Education Jason DeHart, Peaches Hash, 2023-11-06 In company with its sister volume *Arts Based Research Across Textual Media in Education*, this volume explores arts-based approaches to research across media, including film and comics-related material from a variety of geographic locations and across a range of subdisciplines within the field of education. This first volume takes a textual focus, capturing process, poetic, and dramaturgical approaches. The authors aim to highlight some of the approaches that are not always centered in arts-based research. The contributors represent a variety of arts-based practices and methods, and they weave this marrying of artistic and scientific expertise and experience into the fabric of the chapters themselves. Authors from international contexts speak to the importance of utilizing artistic approaches for research processes. From multimodal field notes to poetic forms to the dramaturgical chapters, the chapters in this book represent steps forward in educational inquiry, bringing together both the creative and the credible. The book includes multiple images and rich descriptions shared from the field. This first volume covers, amongst other topics, co-created narratives, creative fiction in research, analytic portraits, dramatic representation, and critical poetic inquiry. It would be suitable for graduate students and scholars interested in qualitative inquiry and arts-based methods in education and the social sciences.

Grotesque Figures Virginia E. Swain, 2020-03-03 Charles Baudelaire is usually read as a paradigmatically modern poet whose work ushered in a new era of French literature. But the common emphasis on his use of new forms and styles overlooks the complex role of the past in his work. In *Grotesque Figures*, Virginia E. Swain explores how the specter of the eighteenth century made itself felt in Baudelaire's modern poetry in the pervasive textual and figural presence of Jean-Jacques Rousseau. Not only do Rousseau's ideas inform Baudelaire's theory of the grotesque, but Rousseau makes numerous appearances in Baudelaire's poetry as a caricature or type representing the hold of the Enlightenment and the French Revolution over Baudelaire and his contemporaries. As a character in *Le Poème du hashisch* and the *Petits Poèmes en prose*, Rousseau gives the grotesque a human form. Swain's literary, cultural, and historical analysis deepens our understanding of

Baudelaire and of nineteenth century aesthetics by relating Baudelaire's poetic theory and practice to Enlightenment debates about allegory and the grotesque in the arts Offering a novel reading of Baudelaire's ambivalent engagement with the eighteenth century Grotesque Figures examines nineteenth century ideological debates over French identity Rousseau's political and artistic legacy the aesthetic and political significance of the rococo and the presence of the grotesque in the modern

The Patriot Poets Stephen J. Adams, 2018-11-30 Since before the Declaration of Independence poets have shaped a collective imagination of nationhood at critical points in American history In *The Patriot Poets* Stephen Adams considers major odes and progress poems that address America's destiny in the face of slavery the Civil War imperialist expansion immigration repeated financial boom and bust gross social inequality racial and gendered oppression and the rise of the present day corporate oligarchy Adams elucidates how poets in the nineteenth and twentieth centuries addressed political crises from a position of patriotic idealism and how military interventions overseas in Cuba and in the Philippines increasingly caused poets to question the actions of those in power He traces competing loyalties through major works of writers at both extremes of the political spectrum from the radical Republican versus Confederate voices of the Civil War through New Deal liberalism versus the lost cause propaganda of the defeated South and the conservative isolationism of the 1930s and after the Second World War the renewed hope of Black leaders and the existential alienation of Allen Ginsberg's counter culture Blazing a new path of critical discourse Adams questions why America of all nations has appeared to rule out politics as a subject fit for poetry His answer draws connections between familiar touchstones of American poetry and significant yet neglected writing by Philip Freneau Sidney Lanier Archibald MacLeish William Vaughn Moody Muriel Rukeyser Genevieve Taggard Allen Tate Henry Timrod Melvin B Tolson and others An illuminating and pioneering work *The Patriot Poets* provides a rich understanding of the ambivalent relationship American poets and poems have had with nation genre and the public

Medbh McGuckian Borbála Faragó, 2014-03-27 This book offers a wide ranging analysis of the entire corpus of Medbh McGuckian's published work Its objective is to provide both a readable synthesis of existing criticism in a fashion which will be generally useful to academics and students and also to offer an original contribution to the field of contemporary Irish literary studies on the basis of new research The book investigates a variety of previously neglected themes in particular McGuckian's exploration of ideas of creativity and performativity in her poetry Over the past two decades McGuckian has been recognized by both her fellow poets and by literary critics as one of the most original daring and important poetic voices in contemporary Ireland Since 1982 she has published fifteen volumes of poetry extraordinary not merely for its sustained quality and linguistic and technical virtuosity but also for its constant evolution and reinvention This book provides an original perspective on her work both thematically and methodologically From a thematic perspective the process of artistic creation is a key preoccupation of McGuckian's poetry which recurs in every volume of her oeuvre but

has previously escaped critical attention By adapting and refining theories of singularity and creativity the book allows for a coherent analysis of this central aspect of McGuckian s work Methodologically it differs from previous studies in the scope of its approach Uniquely it pursues its investigation across the entire breadth of the poet s published output and emphasizes the thematic unity of individual volumes in the light of the poet s constant change and development Throughout the book the reading of McGuckian s work concentrates on poems in their entirety an approach which has not figured to any notable degree in the existing secondary literature on the poet not least because of the perceived difficulty of her writing A critical investigation however which respects both the integrity of the individual poems and the internal coherence of her various volumes allows for a far deeper understanding both of the poet s thematic preoccupations and of the evolution of her distinctive poetic voice

Apparitions of Asia Josephine Park,2008-02-05 Walt Whitman called the Orient The Past the Past the Past but East Asia was remarkably present for the United States in the twentieth century Apparitions of Asia reads American literary expressions during a century of U S East Asian alliances in which the Far East is imagined as both near and contemporary Commercial and political bridges across the Pacific generated American literary fantasies of ethical and spiritual accord Park examines American bards who capitalized on these ties and considers the price of such intimacies for Asian American poets l l The book begins its literary history with the poetry of Ernest Fenollosa who called for The Future Union of East and West From this prime instigator of the Gilded Age Park newly considers the Orient of Ezra Pound who turned to China to lay the groundwork for his poetics and ethics Park argues that Pound s Orient was bound to his America and she traces this American East Asian nexus into the work of Gary Snyder who found a native American spirituality in Zen The second half of Apparitions of Asia considers the creation of Asian America against this backdrop of trans pacific alliances Park analyzes the burden of American Orientalism for Asian American poetry and she argues that the innovations of Lawson Fusao Inada offer a critique of this literary past Finally she analyzes two Asian American poets Theresa Hak Kyung Cha and Myung Mi Kim who return to modernist forms in order to reveal a history of American interventions in East Asia

Frank O'Hara Now Robert Hampson,Will Montgomery,2022-04-02 Frank O Hara s writing is central to any consideration of 20th century American poetry This collection of essays the first to be dedicated to O Hara in nearly two decades asks why O Hara remains so important to 21st century readers and writers of poetry The book is transatlantic in tone combining American scholarship with a wide sampling of British writers For many O Hara s distinctive

appeal depends on his witty depictions of urban experience his relationship to the painters of Abstract Expressionism and the exhilarating immediacy of his poetic voice Yet these chatty and approachable qualities coexist with a testing engagement with currents in European and American modernism Frank O'Hara Now offers a comprehensive picture of the poet presenting the conversational insouciance of the writing alongside its more intransigent features Expressivity in Modern Poetry Donald Wellman, 2019-02-26 Expressivity in Modern Poetry explores three interrelated subjects The first is a general exposition of the radical or deeply realistic aspects of the poetry and visual arts of the modern period The focus is on the works of Ezra Pound as understood through a prism of postmodern thought The second subject is the poetry and poetics of Charles Olson a pivotal figure during the transition from modernism to postmodernism The third subject is contemporary innovative poetry with special attention to transcultural neobarroco and language centered aspects of composition The grounding for this section is found in the works of William Carlos Williams Aime Cesaire and Jose Lezama Lima A reversal of the relation between the center and periphery decentering the New York to Paris vector is crucial for understanding the Caribbean as a seedbed for both innovative and identity based poetics Wellman's purpose is to amplify the cultural importance of expressivity in a field where critical discussion is often dominated by constructivism and conceptualism Expressivity in Modern Poetry offers a new reading of the relation between twentieth century modernism and contemporary poetic practice
