Pour Et Contre Marx:

Pour et contre Marx Edgar Morin, 2012 Aujourd'hui le problème n'est plus de savoir si la doctrine marxiste est morte ou non Marx doit être dépassé c'est-à-dire intégré dans la constellation des penseurs qui peuvent éclairer notre réflexion A travers une série de textes limpides Edgar Morin qui dit avoir été marxien avant d'être marxiste revient sur ce penseur titan avec lequel il n'a jamais fini de penser et de dialoguer Il donne à voir la fonction de sa méthode traquer les contradictions sociales et penser leur dépassement pour l'appliquer Marx lui-même y reconnaît les limites et les impensés et ouvre la voie à un nouvel avenir Alors que le libéralisme se déploie sur le monde et le plonge dans l'abîme écologique politique financier et éthique Edgar Morin invite retrouver Marx sous les décombres des marxismes non pour en tirer des solutions miracles mais pour penser le monde qui vient

Marx for Today Marcello Musto, 2013-09-13 Since the onset of global crisis in recent years academics and economic theorists from various political and cultural backgrounds have been drawn to Marx's analysis of the inherent instability of capitalism The rediscovery of Marx is based on his continuing capacity to explain the present In the context of what some commentators have described as a Marx renaissance the aim of this book is to make a close study of Marx's principal writings in relation to the major problems of our own society and to show why and how some of his theories constitute a precious tool for the understanding and critique of the world in the early twenty-first century The book brings together varied reflections on the Marxian oeuvre drawing on different perspectives and fields and argues its case in two different parts The first will encompass such diverse areas and themes as political thought economics nationalism ethnicity post-capitalist society freedom democracy emancipation and alienation showing in each case how Marx has still today an invaluable contribution to make The second presents a complete and rigorous account of the dissemination and the reception of Marx's work throughout the world in the last decade Both parts make a significant contribution to the current research on Marx and Marxism This book was originally published as a special issue of *Socialism and Democracy*

Simone Weil, l'expérience de la vie et le travail de la pensée Charles Jacquier, 1998 Port aux nues par les crivains du XIX^e siècle qui voyaient en lui le type même du poète maudit Byron 1788-1824 a subi au XX^e siècle un long purgatoire avant d'être enfin reconnu comme une personnalité littéraire de premier plan Après les traductions en prose du siècle dernier qui malgré leur mérite n'offraient qu'un pâle reflet on recouvre aujourd'hui toute la virtuosité d'un poète qui jongle avec les rimes et les rythmes et qui demandait donc être traduit en vers Ce choix de poèmes n'a d'autre ambition que de donner une meilleure idée de ses œuvres les plus claires On y retrouve des poèmes de circonstances qui transcendent l'anecdote autobiographique des morceaux de bravoure qui ont fait la réputation de Childe Harold et de Don Juan sans oublier cet hymne vibrant à la liberté qui est le Prisonnier de Chillon et pour finir la dernière tirade de Marino Faliero drame peu connu en France et superbe hommage du poète anglais à la Venise de son imagination
