

Community Service Reflection

The first time I'd ever laid eyes on a homeless person was years ago. I remember feeling a sinking type of pain in my chest, not knowing what it was. This feeling of sorrow and compassion has always been my weakness, and as I handed the poor man a dollar, he smiled at me, eyes tired but heart whole. It made me feel good to know that I'd done a good deed and now, I realize that the emotion that I had felt for that battered old man was pity. This year, I decided to volunteer at the local Global Leadership program making holiday cards, Foothill's Marching Band Review and San Francisco Youth Outreach. I chose these programs because of my fondness for art, passion for music and love to help those in need.

I believe that everyone needs to feel loved. Handmade cards are a great way to express love for those who don't normally witness it. For my first volunteering assignment, I volunteered at Global Leadership to handmade holiday cards for the less fortunate and those who do not have families. It was a great way to put my artistic skills to use and share a bit of holiday spirit at the same time.

The next program I volunteered at was for Foothill itself. Being part of the marching band this year was one of the best experiences of my life! The least I could do was help out for our home band review. I spent nearly half the day at Amador (Foothill's electricity was out) that day, hauling instruments, prepping hospitality food and picking up trash. Although tiring, I felt really proud to be able to support my band. Music has always been one of my greatest passions, I devour notes and tunes.

Lastly, I volunteered at Youth Outreach in San Francisco on Thanksgiving. Youth Outreach is a program amongst many others that provides kids in need with meals and games. I was in charge of face painting, and I was extremely excited to make the kids happy with the beautiful butterflies and animals on their faces. The experience was unreal. All of those little kids racing up to my booth, laughing and pointing to the array of designs made me feel so jubilant. They definitely made my Thanksgiving complete and I hope I did the same for them.

All in all, I am really thankful to have been able to do all of these things for my community. I think that seeing the thanks on other people's faces has made me realize how much of an influence a single person can have. These few opportunities have created a better version of myself, more caring and patient.

Integrating Community Service into Nursing Education Patricia

A. Bailey, EdD, RN, CS, Dona Rinaldi Carpenter, EdD, RN, CS, Patricia A. Harrington, EdD, RN, CS, 2004-01-01 Service learning has many definitions based on how a service program is structured in a particular institution For this book it is defined as a structured learning experience that combines community service with student preparation and reflection a connecting link being established between academics and service The central focus of this textbook is the integration of service learning into the nursing curriculum The contributors address the components of service learning and its central relationship to education and curriculum and discuss issues related to service learning by incorporating narrative comments from some from some 300 students who have participated in various service learning programs Civic Engagement and Technical Communication James M. Dubinsky, J. Harrison Carpenter, 2023-04-14 This special issue on civic engagement and technical communication focuses on the ways educators can help students become actively engaged members of society particularly a rhetorical democracy The first essay examines the concept of community as a locus for civic engagement and question some of the definitions of community seen embedded in current pedagogical practices The next article seeks to shape understanding of practice The tension of developing students civic awareness and engagement is the topic of the third paper The fourth article helps students gain skills and organization awareness and improves the perceived relevance of the work The final two essays approach the issue of civic engagement from slightly different angles one examining the role of teacher as both rhetor and instructor and the other looking to the past for possible solutions for the future By continuing the conversation about the relationship between technical communication and the public good and focusing specifically on pedagogical strategies and their theoretical and historical underpinnings the authors in this special issue clarify roles that technical communication and technical communicators play in civil society as well as ways curricula can be shaped to prepare students to fill those roles
