- Morning Started early with a trip to the Port Farmers Market. The lockdown has been rough on the farmers and vendors there. I got there super early and left as quickly as I could but I later learned from one of the farmers there that the police had blocked the access roads to the market due to unrelated crowding. **Dialogue Journal Communication** Jana Staton,1988 The thesis of this volume is that writing done by students who control their own topics

who have genuine purposes for writing and have a real known audience is quite different and valuable in its own right. It forms a rich source of information about how young students think, manage their social interactions and use language with competence to get things done. By selecting dialogue journal writing as a corpus for analysis, it is possible to observe children's communicative competence in using written language purposefully apart from their ability to master a particular form of writing. The central argument is that dialogue journal communication represents a kind of personal literacy prior to and more comprehensive than the particular literacies emphasized and assessed in schools. The contents include a practitioner's view of the practice itself and a summary of the research study methods developed to analyze interactive written conversations.

Now in its tenth edition, this bestselling textbook assists educators to effectively respond to the ways race, social class and gender interact to influence student behavior and learning. Contributions from leading authorities in multicultural education discuss the effects of class and religion on education, differences in educational opportunities for male, female and LGBTQ students and issues surrounding non-native English speakers, students of color and students with disabilities.
