Ubiquitous Musics Marta García Quiñones, Anahid Kassabian, Elena Boschi, 2016-02-17 Ubiquitous Musics offers a multidisciplinary approach to the pervasive presence of music in everyday life. The essays address a variety of situations in which music is present alongside other activities and does not demand focused attention from sometimes involuntary

listeners The contributors present different theoretical perspectives on the increasing ubiquity of music and its implications for the experience of listening The collection consists of nine essays divided into three sections Histories Technologies and Spaces The first section addresses the historical origins of functional music and the debates on how reproduced music including a wide range of styles and genres spread so quickly across so many environments The second section focuses on more contemporary sound technologies including mobile phones in India the role of visible playback technology in film and listening to portable digital players The final section reflects on settings such as malls stores gyms offices and cars in which ubiquitous musics are often present but rarely thought about This last section and ultimately the whole collection seeks to foster a wider understanding of listening practices by lending a fresh critical ear

**The Devil's Playground** Andrew Bragg, 2024-10-15 As America assesses the value of our intervention in Afghanistan and involvement in future foreign wars we must always consider the price Andrew and his friends service was valorous and honorable His authentic perspective of the environment and the eye opening costs to our soldiers is sobering These accounts should be mandatory reading for foreign policy makers and defense department leaders Major General Ret Brian Mennes United States Army Former Fury 6 The Devil's Playground was anything south of the second canal to the men of Charlie Company's 2nd Platoon Two Charlie during their 2009-2010 deployment to the Arghandab River Valley in Afghanistan The valley had been a notorious hot spot throughout history with the Russians unable to maintain a foothold in the 80s and Coalition forces now facing the same problem during Operation Enduring Freedom The Two Charlie paratroopers deployed as part of the 2508th PIR Two Fury of the 82nd Airborne Division but always seemed to be on their own They started their deployment attached to Canadian forces in Panjwai but were shortly moved into the Arghandab with one of the battalion's biggest Areas of Operation They inherited a bare bones outpost that they worked hard to turn into the defensible position known as COP Tynes while patrolling the grape fields and orchards of the valley Little did they know that when the leaves returned to the valley in the spring so too would the fighting As the fighting picked up in the valley the men of Two Charlie continued to sustain casualties as they fought day in and day out There was never a dull moment in the Arghandab and the fact that Two Charlie had to patrol act as a quick reaction force and secure their outpost on their own ensured that they never stopped The men were constantly brought to their breaking point as their numbers dwindled and the fighting intensified The men all started to believe that they weren't going to make it out of the valley alive The one rule of the valley would be proved time and time again in the end the valley always wins This book shares the story of the men of Two Charlie and their fight for survival in the Arghandab River Valley the Devil's Playground
