V. Due to the longer period of supernormal growth, the value of the stock will be higher for each year. The total return as well as the distribution between dividend yield and capital gains yield will remain the same for the duration of the supernormal growth period.

100

4. What will TTC's dividend and capital gains yields be once its period of supernormal growth ends? (Hint: These values will be the same regardless of whether you examine the case of 2 or 5 years of supernormal growth; the calculations are very easy.)
