EuroKarst 2016, Neuchâtel Philippe Renard, Catherine Bertrand, 2017-01-03 This book presents the latest advances in the field of karst hydrogeology and carbonate reservoirs. These include but are not limited to geomorphology of karst flow and solute transport in karst, innovative metrology modelling, speleogenesis and geology of carbonate reservoirs, deep reservoir exploration and production, water management and protection in karst environments, contaminant migration and chemical behavior, hydrochemistry and regional aquifer studies. EuroKarst offers a platform for professional exchanges between field practitioners and academic researchers. It is the European biennial conference on the hydrogeology of karst and carbonate reservoirs. It is organized every two years by the Universities of Neuchâtel, Switzerland, Besançon, France and Málaga, Spain.

Geocells T. G. Sitharam, Amarnath M. Hegde, Sreevalsa Kolathayar, 2020-07-23 This book is designed to serve as a comprehensive resource on cellular confinement systems or geocells covering technologies and their applications in geotechnical engineering. The book discusses all aspects of geocells and related technologies and covers the subjects from conceptual basics to recent advances. The chapters of this book are written by renowned international experts and its contents include detailed case studies from both academic and industry experts. This book is a one-stop reference work for academicians, students and practicing engineers in the global geotechnical community.

Detecting Malinger and Deception Harold V. Hall, Joseph Poirier, 2020-06-03 Detecting Malinger and Deception: Forensic Distortion Analysis, FDA 5 Third Edition maintains the tradition of the prior two editions following the Forensic Distortion Analysis, FDA model. Fully updated since the last edition nearly 20 years ago, the book continues to serve as a comprehensive volume on deception and distortion in forensic, clinical and several specialized contexts. As with the previous editions, the book presents a model of deception intended to be utilized and applied by the qualified evaluator. The proposed model covers targets of the faker, response styles shown and methods to detect the deception. The goal is to summarize the historical and latest information on distortion detection to present guidelines for detecting deception that include variable accuracy rates based on different detection techniques and to stimulate further research of effective methods of deception detection. Recommendations and guidelines for the practicing clinician are offered throughout the book, including real-world cases to inform and enlighten, particularly in unique cases or those in which the certain outcomes are unexpected. Key Features: Outlines the role of the forensic professional in applying and integrating methods; assessment in deception and distortion; Provides base rates for deception-related behavior and events especially useful in report writing or courtroom testimony as an expert witness; Presents the latest advances in methodology and technology to assist in the search for ground truth in applied settings and situations; Applies forensic distortion analysis to evaluate the deception-related findings and statements of other professionals involved in a particular case. New coverage includes sections on deception analysis for collectivities including media groups, contemporary politics, cross-national corporations, conflict and terrorism. Detecting Malinger and Deception incorporates

the latest research providing practical application to utilize information and evaluative methods as they pertain to deception related settings and situations Sample reports and extensive graphs tables charts and histograms are provided and every chapter has been updated with new studies and investigations The Third Edition boasts several new chapters and updated working appendices of coverage to expand the exploration of deception addressing advances in the field and our current understanding of the phenomenon *The Federal Cases*, 1896

Spatial Modelling and Failure Analysis of Natural and Engineering Disasters through Data-based Methods Faming Huang, Jinsong Huang, Wei Chen, Jinquan

Policing and Boundaries in a Violent Society Guy Lamb, 2022-01-31 This book explores how social and territorial boundaries have influenced the approaches and practices of the South Africa Police Service SAPS By means of a historical analysis of South Africa this book introduces a new concept police frontierism which illuminates the nature of the relationships between the police policing and boundaries and can potentially be used for future case study research Drawing on a wealth of research this book examines how social and territorial boundaries strongly influenced police practices and behaviour in South Africa and how social delineations amplify and distort existing police prejudices against those communities on the other side of the boundary Focusing on cases of high density police operations public order policing and the recent policing of the COVID 19 lockdown this book argues that poor economic conditions combined with an increased militarisation of the SAPS and a decline in public trust in the police will result in boundaries continuing to fundamentally inform police work in South Africa This book will be of interest to scholars and students interested in policing in post colonial societies characterised by high levels of violence as well as police work and police militarization

Advances in the Characterisation and Remediation of Sites Contaminated with Petroleum

Hydrocarbons Jonás García-Rincón, Evangelos Gatsios, Robert J. Lenhard, Estella A. Atekwana, Ravi Naidu, 2023-11-22 This open access book synthesizes important advances in the assessment and management of soil and groundwater systems contaminated with petroleum hydrocarbons especially in the form of light non aqueous phase liquids LNAPLs LNAPL characterization and remediation is challenging due to the multi phase multi component nature of the problem and the various physical chemical and biological processes involved in a dynamic and heterogeneous hydrogeological setting This book focuses on the current state of practice of LNAPL characterization and remediation and seeks to provide information and a framework that would allow some of these complexities to be better addressed by contaminated land practitioners researchers and regulators

Wayward Feeling Helene Strauss, 2022-05-30 Inventive new methods of audio visual mediation and aesthetic activism have been giving shape since at least the mid 2000s to feelings of despair disappointment and rage at the injustice that South Africa's colonial and apartheid histories continue to trail in their wake *Wayward Feeling* reveals how racism sexism and other forms of structural disenfranchisement have continued to assert themselves in affective terms and how these terms have been recast in spaces both public and intimate in post rainbow times Helene Strauss argues that the tension between aspiration and achievability has yielded modes of feeling that increasingly disrupt the thrall of post apartheid nation building and reconciliation myths even as wide spread attachment to the utopian ideals of the anti apartheid struggle continues to shape dissenting political organising and cultural production Drawing on a variety of audio visual forms including video installations conceptual artwork documentary film live art and sonic installations *Wayward Feeling* examines some of the affective resources that people in contemporary South Africa have been drawing on to make difficult lives more bearable

Silencing the Guns in Africa Antonio Garcia, Jacob Udo-Udo Jacob, 2025-03-14 The scholarship of this book is drawn from local and international experts by framing critically a number of discourses on matters of security conflict violence and peace on the

African continent It is indeed a breath of fresh air to the scientific community largely because it contributes to the on going debates on security issues Dr Ntsikelelo Benjamin Breakfast Director of the Center for Security Peace and Conflict Resolution at Nelson Mandela University This book makes a deep contribution to scholarly literature on conflict studies peacekeeping and peacebuilding in Africa Written largely from the perspective of the applied social sciences it is empirically rich and offers refreshing insights into social behaviour in military contexts This is a timely contribution because current public discourse in South Africa is centred on the gains and missed opportunities of thirty years of democracy and new lenses are welcome Many of the chapters reflect South African experiences This is to be welcomed as it demonstrates that scholars and practitioners from the country are reflecting on the complexities of South African experiences of defence and security matters in contemporary times Dr Sandy Africa Director of Research at Mapungubwe Institute for Strategic Reflection MISTRA This volume brings together the voices of scholars and practitioners a diverse group of writers who are passionate about and committed to creating a safer more prosperous and peaceful Africa Each with their own specialism this work combines many different world views and approaches Conflict in Africa is an impossibly broad topic to cover in a single edited publication and so we focus on a select number of case studies expositions and themes Aristotle in Africa: Ethics and the African Philosophical Tradition Patrick Giddy, 2025-06-26 How best to bring the genius of African traditional philosophy into dialogue with the European and global traditions of thought The philosophy of Aristotle baptised by medieval Christian philosopher Thomas Aquinas has been formative in premodern European thought Now this frame of thinking predating the skepticism and relativism that has accompanied the culture of modernity has been re expressed in a contemporary vein by Bernard Lonergan and Alasdair MacIntyre Patrick Giddy shows how the critical realism of Lonergan d 1984 and the communitarian ethic of MacIntyre d 2025 both counter cultural thinkers are in tune with the African traditional understanding of the world Aristotle he argues belongs to Africa Refereeing Giddy s PhD thesis Ethics and Human Nature 1994 MacIntyre commented this is the best account I have read of my philosophy In Aristotle in Africa Giddy brings the Aristotelian tradition to bear on fundamental topics in African thought and applies these ideas to various areas of ethics as well as to rethinking the university curriculum The use of geosciences for exploring and predicting natural resources Ahmed M. Eldosouky, Amin Beiranvand Pour, Luan Thanh Pham, Biswajeet Pradhan, 2023-03-03 **Historical Dictionary of the Central African Republic** Richard Bradshaw, Juan Fandos-Rius, 2016-05-27 The Central African Republic CAR came into existence on 1 December 1958 as a semi autonomous member state of the Communaut French Community meaning that France still controlled its currency defense foreign affairs and national security The history of the CAR can be interpreted in radically different ways One the one hand the people of Central Africa have suffered enormously at the hands of slave traders concessionary companies French colonialists and African rulers and their country remains largely undeveloped On the other most Central Africans have retained free use of land on which they grow crops and from which they extract numerous valuable resources Their way

of life is in the long run perhaps more sustainable than those of the experts who come to assist them The theme of essential continuity in the history of the CAR is as important if not more important in the long run than the themes of violent change exploitation and enduring dependence Deep roots of continuity provide a surprising stability in the face of dramatic and often very painful change on the surface The Historical Dictionary of the Central African Republic contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1200 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about the Central African Republic
