Federal Home Loan Bank Board,1980 Includes a statistical series section which provides economic information on the Nation s savings and homefinancing industry **Family Firms in Postwar Britain and Germany** David Paulson,2023 Examines the culture and conduct of six small and medium sized enterprises SMEs in England and West Germany from 1945 to the late 1970s drawing on numerous archives in Germany and Britain This is the first book length study that examines the detailed histories of SMEs in a comparative transnational manner Emerging from this study is an evaluation of German and British varieties of capitalism in action showing that they were not fixed or static but rather have changed considerably as they evolved over time The German companies studied formed part of the Mittelstand the family owned sector which is unique to German speaking countries This book explores whether the principles of a close identification with the surrounding region and a patriarchal culture within a family atmosphere were adopted in practice then and whether they are still applicable today Paulson compares the Mittelstand to British SMEs in order to understand how their approach differed from that of their German counterparts For both countries the ecosystem which surrounded businesses is examined paying particular attention to funding and vocational education The book concludes that the potential for a British Mittelstand existed but that British companies were often less well managed and had to operate within a less supportive external environment than that which favoured the Mittelstand Historical lessons learned from the management of these companies still resonate today and can help us to understand contemporary differences in business performance This book will therefore be of interest to scholars and students of twentieth century business and economic history as well as management studies

Merchants to Multinationals Geoffrey Jones,2002-03-07 Merchants to Multinationals examines the evolution of multinational trading companies from the eighteenth century to the present day During the Industrial Revolution British merchants established overseas branches which became major trade intermediaries and subsequently engaged in foreign direct investment Complex multinational business groups emerged controlling large investments in natural resources processing and services in Asia Latin America and Africa While theories of the firm predict the demise over time of merchant firms this book identifies the continued resilience of British trading companies despite the changing political and business environments of the twentieth century Like Japanese trading companies they re-invented themselves in successive generations The competences of the trading companies resided in their information gathering relationship building human resource and corporate governance systems This book provides a new dimension to the literature on international business

through the focus on multinational service firms and its evolutionary approach based on confidential business records
