## Financial Assistance Request Letter

---

July 23, 2050

Drake Feeney  
Program Coordinator  
BrandKat  
Austin, TX 73301

Dear Mr. Feeney,

I trust this letter reaches you in good health. My name is **[Your Name]**, and I am writing to request financial assistance from BrandKat due to unforeseen medical expenses following a recent hospitalization.

Despite my best efforts to manage my finances, I find myself in a difficult position. I was recently diagnosed with a serious health condition that required surgery, leading to significant medical bills and lost wages during my recovery period.

I am seeking assistance for \$3,000 to help cover my medical bills and rent for the next few months. This support would greatly alleviate my financial burden and allow me to focus on my recovery without the stress of mounting expenses.

**Small Business Administration's Budget Request for Fiscal Year 1980** United States. Congress. Senate. Select Committee on Small Business,1979      Beyond The Foster Care System Betsy Krebs,Paul Pitcoff,2006-06-01 Each year tens of thousands of teenagers are released from the foster care system in the United States without high school degrees homes or strong family relationships Two to four years after discharge half of these young people still do not have either a high school diploma or equivalency degree and fewer than ten percent enter college Nearly a third end up on public assistance within fifteen months and eventually more than a third will be arrested or convicted of a crime In this richly detailed and often surprising exploration of the foster care system Betsy Krebs and Paul Pitcoff argue that the existing foster care system sets teens up to fail by inadequately preparing them for adult life They contend that the primary goal of foster care for teenagers should be preparation for a fully productive adult life and that current policies and practice are misguided The

authors draw on their fifteen years of experience working with teens and the foster care system to introduce new ways to empower teens to be responsible for themselves and to identify and develop their potential. They also explore what sorts of resources legal, financial, and human will need to come from inside and outside the system to ensure that more teens reach successful independence. Ultimately, Krebs and Pitcoff argue that change must include the participation of caring communities of volunteers who want to see disadvantaged youth succeed as well as the use of creative approaches such as the Socratic Method to help teens to take control of their lives. Bringing together a series of inspiring real-life accounts, *Beyond the Foster Care System* introduces readers to a number of dynamic young people who have participated in the Youth Advocacy Center's programs. Their stories demonstrate that alternatives to the standard way of providing foster care are not only imaginable but possible. With the practical improvements Krebs and Pitcoff outline, teens can learn the skills of effective self-advocacy, become better prepared for the transition to independence, and avoid becoming the statistics that foster care has so often produced in the past.
