Goal

Build positive relationships between the community, parents, other colleagues, and students both in my class and outside of my class

Rationale

I have included this because teaching is a career where we as educators must collaborate with all people. In my PSI and PSII I was never involved in integrating the community and parents into the classroom. I want to be a teacher that can be approachable whether or not there is an issue present.

Related KSA(s)

KSA 12: the importance of engaging parents, purposefully and meaningfully, in all aspects of teaching and learning. They know how to develop and implement strategies that create and enhance partnerships among teachers, parents and students;

KSA 13: student learning is enhanced through the use of home and community resources. They know how to identify resources relevant to teaching and learning objectives, and how to incorporate these resources into their teaching and students' learning;

Indicator(s) of Success

- The number of students who come seek help
- The number of parents that are involved in the classroom
- The number of community members brought in

Ten Assessment Literacy Goals for School Leaders Stephen Chappuis, Steve Chappuis, Susan M. Brookhart, Jan Chappuis, 2021-04-21 Of all school related factors that influence student learning only classroom instruction has greater impact than leadership And leaders have the greatest impact when they set direction citing that the goals and purpose they provide serves to strengthen and solidify the faculty The ten competencies for school leaders described in this book are based on a few factors First standards driven reform has created new knowledge requirements and responsibilities for school leaders In today's systems sorting students along a bell curve and artificially creating winners and losers has been replaced by a mission that all students must learn well Instead of a curriculum focused on what a teacher should teach the curriculum identifies what students must know and be able to do These standards are public and communicate what a state

or district values when it comes to student learning Assessing the standards day to day not through large scale accountability tests or even local short cycle or common assessments is a requirement for effective standards based reform Second is the reward of improved student learning brought about by the use of classroom assessment for learning Assessment for learning has implications not just for school leaders but also for broader educational practice The research is conclusive and improved learning lies within the grasp of anyone wishing to apply it What does it look like when school leaders demonstrate mastery of the Ten Assessment Competencies Included in the book are examples learning activities and opportunities for practice as well as success indicators for each competency as leaders work toward mastery Connecting Teachers, Students, and Standards Deborah L. Voltz, Michele Jean Sims, Betty Palmer Nelson, 2010 This book introduces you to a field tested framework for teaching that ensures that inclusion and differentiated instruction are in harmony with standards based education *English Teaching Forum*, 2002 *Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations for 2000: Department of Education* United States.
