Watching TV Harry Castleman, Walter J. Podrazik, 2024-12-16 Castleman and Podrazik present a season by season narrative that encompasses the eras of American television from the beginning in broadcast through cable and now streaming They deftly navigate the dizzying array of contemporary choices so that no matter where you start on the media timeline *Watching TV* provides the context and background to this multi billion dollar enterprise Drawing on decades of research the authors weave together personalities popular shows corporate strategies historical events and changing technologies enhancing the main commentary with additional elements that include fall prime time schedule grids for every season date box timelines highlighted key text and selected photos Full of facts firsts insights and exploits from now back to the earliest days *Watching TV* is the standard chronology of American television and reading it is akin to channel surfing through history The fourth edition updates the story into the 2020s and looks ahead to the next waves of change This new edition is the first to also be available in a digital format **Tap** Anindya Ghose, 2018-09-11 How the smartphone can become a personal concierge not a stalker in the mobile marketing revolution of smarter companies value seeking consumers and curated offers Consumers create a data trail by tapping their phones businesses can tap into this trail to harness the power of the more than three trillion dollar mobile economy According to Anindya Ghose a global authority on the mobile economy this two way exchange can benefit both customers and businesses In *Tap* Ghose welcomes us to the mobile economy of smartphones smarter companies and value seeking consumers Drawing on his extensive research in the United States Europe and Asia and on a variety of real world examples from companies including Alibaba China Mobile Coke Facebook SK Telecom Telef nica and Travelocity Ghose describes some intriguingly contradictory consumer behavior people seek spontaneity but they are predictable they find advertising annoying but they fear missing out they value their privacy but they increasingly use personal data as currency When mobile advertising is done well Ghose argues the smartphone

plays the role of a personal concierge a butler not a stalker Ghose identifies nine forces that shape consumer behavior including time crowdedness trajectory and weather and he examines these how these forces operate separately and in combination With Tap he highlights the true influence mobile wields over shoppers the behavioral and economic motivations behind that influence and the lucrative opportunities it represents In a world of artificial intelligence augmented and virtual reality wearable technologies smart homes and the Internet of Things the future of the mobile economy seems limitless
