issue is inevitable The book encompasses in its fold a wide range of business and policy issues in the Indian setup Further in view of the fact that the various papers included in the present volume are authored by researchers with diverse interests and backgrounds it is not surprising that each paper may look unique even in terms of its structure of presentation too In such a situation the editor s dilemma should not be difficult to imagine for the reader As editors of this volume therefore we deliberately preferred to keep the author s style arguments or conclusions intact In more precise terms the papers included in this volume are largely in their original form and content Although we not being completely oblivious of our editorial responsibilities have attempted some cosmetic aesthetics here and there in respect of some papers
