My time studying with the University of Phoenix online has impacted my life in many ways. I have had the possibility to find out a lot by using the Internet to help me further my education. I feel that my degree will open numerous brand-new doors for me, however first I will return and discuss my impressions from when I first started taking nursing classes online. Learning has always been extremely crucial to me. I understand that we do not get really far in this world if we are not happy to take instruction and utilize it to the very best of our capabilities. Being a student was an amazing chance, specifically in the major field that I had actually picked, nursing. Nursing is an ever-changing field, and it is extremely essential to keep up with the latest information if one is going to be expert and the best they can be in their selected profession. I feel that strengthening my understanding base made me grow in my individual life due to the fact that there was a lot that I might achieve simply by taking the actions to find out more. Partnership was not an issue as long as it was performed in an oral manner. As I have actually mentioned, my writing abilities were only reasonable, therefore collaboration involving writing could be fairly hard. My career goals were based around degrees that I had actually already made, specifically a registered nurse degree and a breathing therapist degree. My immediate objective was to get my Bachelors of Science degree in nursing, however, I also had other goals. For example, I wished to take my 2 degrees that were already earned and utilize them to enter a nurse anesthesia school. My most lofty objective was to finish my bachelor's degree and begin taking more classes to earn a Masters degree one day. As you may see, I am very dedicated to my chosen line of work and desire to be the best at it. Education is my ticket to being the best, and I crave all kinds of new information and knowledge that will make me an excellent nurse. While I was in the program, I found that the classes raised my level of competence in several areas. While I was already quite good at problem solving and oral communication, taking classes that challenged me and required me to...
