Hybrid Securities Kamil Liberadzki, Marcin Liberadzki, 2016-04-08

Hybrid capital securities or hybrids offer various benefits They offer flexibility equity without shareholder dilution provide protection to senior creditors are a stable source of long term funding for healthy companies and help insurers and banks meet regulatory and rating agency capital requirements Risks and features of hybrid securities are expressed in the credit spread of some relatively new financial instruments but no structural fundamentals exist for to price hybrids precisely This book proposes a model for the pricing of hybrids It begins by explaining the concept of hybrids as well as their equity and debt like characteristics Different types of hybrids are presented including preference shares convertible bonds contingent convertibles CoCos and bail in bonds The authors then present analysis of regulatory regimes impact on hybrids They discuss the types of hybrid bonds that are contemplated in the Capital Requirements Regulation CRR and Banking Union mechanism They then present an in depth examination of hybrids pricing and risk assessment techniques The book provides a

comprehensive analysis from mathematical legal and financial perspectives in order to look at relatively new financial instruments and address problems with the pricing models of hybrids which are as yet unsolved

The Process of Social Research Jeffrey C. Dixon, Royce Singleton, Bruce C. Straits, 2016 The Process of Social Research successfully meets two major challenges of teaching social science methods to make the material interesting and accessible to students and to provide them with the tools necessary to understand evaluate and conduct research Authors Jeffrey C Dixon Royce A Singleton Jr and Bruce C Straits employ a conversational writing style that is engaging and student friendly Using everyday examples to introduce chapters and clarify complex concepts they provide current research examples on such cutting edge topics as immigration family composition prosecutorial misconduct organized racism homelessness social inequality and education and alcohol consumption and grades Placing a unique emphasis on the research process the book helps students understand the logic and mechanics of social research giving them the tools and the power to evaluate the research of others and to conduct their own research Beginning with the introduction every chapter contains flowcharts of research processes As each diagram is presented the authors relate the specific method to the overall research process Then over the course of the chapter or section they flesh out each step This way they convey information about the nuts and bolts of research while ensuring that students do not lose sight of the logic of inquiry Comprehensive and up to date without attempting to be encyclopedic in its coverage The Process of Social Research provides a balance between qualitative and quantitative research taking a more integrated approach to describing the relationship between theory and research
