A Few Good Gays Cati Connell, Catherine Connell, 2022-12-06 The US military has done an about face on gender and sexuality policy over the last decade ending Don't Ask Don't Tell restrictions on women in combat and transgender exclusion. Contrary to expectations servicemembers have largely welcomed cisgender LGB individuals yet they continue to vociferously resist trans inclusion and the presence of women on the front lines. In the minds of many the embodied deficiencies of cisgender women and trans people of all genders puts others and indeed the nation at risk. In this book Cati Connell identifies the homonormative bargain that underwrites these uneven patterns of reception a bargain that comes with significant concessions upholding and even exacerbating race class and gender inequality in the pursuit of sexual equality. In this handshake deal even the widespread support for open LGB service is highly conditional revocable upon violation of the bargain. Despite the promise of inclusivity in practice the military has made room only for a few good gays to the exclusion of all others. But should equal access be the goal? How did we get from there to here? And where do we go next? In analyzing inclusion as a social movement aspiration Connell shows that its steep price is exacted through the continued abjection of queered Others both at home and abroad.

The Straight State Margot Canaday, 2009 Annotation The Straight State is an expansive study of the federal regulation of homosexuality across the US. Margot Canaday uses new evidence to show how the state came to systematically penalise homosexuality giving rise to a regime of second class citizenship that dogs sexual minorities to this day.

Now You See It Richard Dyer, 2013-11-05 Revised for this second edition. Now You See It Richard Dyer's groundbreaking study of films by and about lesbians and gay men now includes an outline of developments in queer cinema since 1990. Placing the book within lesbian and gay film history Dyer examines familiar titles such as *Girls in Uniform*, *Un Chant D'Amour* and *Word is Out* in their lesbian gay context as well as bringing to light many other forgotten but remarkable films. Each film is examined in detail in relation to both film type and tradition and the sexual subculture in which it was made. Now featuring a brand new introduction by Julianne Pidduck this will be an excellent aid to cinema and film studies courses.

Ex-Gay No Way Jallen Rix, 2010-05-01 Bringing to light an extreme fundamentalist Christian view this insider's perspective offers hope to people grappling with the aftereffects of a cult like movement often known as Reparative Therapy. The movement assumes that going from gay to straight is easily changeable and change worthy despite decades of psychosexual research to the contrary. Although it did not succeed in making the author a Southern Baptist who attended an ex-gay ministry at a young age straight it did undermine his self esteem and confuse him significantly thus leading him to pursue an advanced degree in sexology in order to help others in similar positions. Offering a detailed comparison of the ex-gay world and the phenomenon known as Religious Abuse this manual shares a personal journey through the hopeless mistreatment and manipulative system of ex-gay ministries and the recovery process involved.
