INTRODUCTION

This training manual (TRAMAN) is designed to help you understand your work in the division as a Fire Controlman (FC) supervisor. It will also assist you in meeting the requirements for advancement to Fire Controlman first class and chief.

This first chapter includes topics on supervisory responsibilities, effective communications, professional updates, performance and equipment standards, technical materials, and a brief bibliography for information and advancement study.

SUPERVISORY RESPONSIBILITIES

By becoming an FC supervisor, you will have taken a big step in your career. Previous advancement brought increased responsibilities, which also brought increased rewards. The responsibilities of an FC supervisor are even greater, as your work will be important to the successful management of the division and the department. For general information on the advancement system and on the increased responsibilities of a supervisor, review *Military Requirements for Petty Officer First Class*, NAVEDTRA 12046.
