Mass Supervision Vincent Schiraldi, 2023-09-12 With a foreword by Bruce Western Named one of the Best Books of the Year by NPR Shortlisted 2024 Stephan Russo Book Prize for Social Justice The most comprehensive critique of probation and parole and a provocative and compelling argument for abolishing both from the former Probation Commissioner of New York City Imagine if probation didn t exist And I came to you with 80 million and 30 000 people the courts considered troubled and troubling And you could do anything you wanted with that money to make New York City safer and help people turn their lives around Would you go out and hire a thousand civil service protected bureaucrats to supervise people as they piss in a cup once a week and to tell them to go forth and sin no more Vincent Schiraldi s Job Interview with NYC Mayor Mike Bloomberg We ve heard a lot in recent years about the nearly 2 1 million people incarcerated in American prisons and jails But what about the approximately 4 million more who are on probation and parole monitored by the state at great expense and at risk of being sent to prison at the whim of a probation or parole officer for the least imaginable infraction Vincent Schiraldi was New York City probation commissioner under Mayor Bloomberg supervising a system charged with monitoring 30 000 people on a daily basis In Mass Supervision he combines firsthand experience with deep research on the inadequately explored practices of probation and parole to illustrate how these forms of state supervision have strayed from their original goal of providing constructive and rehabilitative alternatives to prison They have become instead Schiraldi argues a recidivism trap for people trying to lead productive lives in the wake of a criminal conviction Schiraldi offers the first full and up to date account of these two key aspects of our criminal justice system showing that these practices increase incarceration have little impact on crime rates and needlessly disrupt countless lives Ultimately he argues that they should be dramatically downsized or even abolished completely

Closing the Justice Gap for Adult and Child Sexual Assault Anne Cossins, 2020-10-21 This book examines the justice gap and trial process for sexual assault against both adults and children in two jurisdictions England and Wales and New South Wales Australia Drawing on decades of research it investigates the reality of the policing and prosecution of sexual assault offences often seen as one of the hardest crimes to prosecute across two similar jurisdictions Despite the introduction of the many reform options detailed in the book satisfactory outcomes for victims and the public are still difficult to obtain Cossins takes a new approach by examining the nature and effects of adversarialism on vulnerable witnesses jury decision making and the structures of power within the trial process to show how and at what points that process is weighted against complainants of sexual assault in order to make evidence based suggestions for reform She argues that this justice gap is a result of a moralistic adversarial culture which fosters myths and misconceptions about rape and child sexual assault thus requiring the prosecution to prove a complainant's moral worthiness She argues this culture can only be eliminated by a radical replacement of the adversarial system with a trauma informed system By reviewing the relevant psychological literature this book documents the triggers for re-traumatisation within an adversarial trial and discusses the reform measures that would be necessary to transform the sexual assault trial from one where the complainant's moral worthiness is on trial to a fully functioning trauma informed system It speaks to students and academics across subjects including law criminology gender studies and psychology and practitioners in law and victim services as well as policy makers

The Long Term Alice Kim, Erica Meiners, Jill Petty, 2018-10-09 The voices of those experiencing life in the long term are often not heard This collection of essays and personal stories from the people most impacted by long term incarceration in Statesville Prison bring light to the crisis of mass incarceration and the human cost of excessive sentencing Compelling moving narratives from those most affected by the prison industrial complex make a compelling case that death by incarceration is cruel and unusual punishment Implemented in the 1990's and 2000's harsh sentencing policies commonly labeled tough on crime became a bipartisan political agenda These policies had real

impacts on families and communities particularly as they caused the removal of many non white and poor individuals from cities like Chicago The Long Term brings into the light what has previously been hidden a counter narrative to the tough on crime agenda and an urgent plea for a more humane criminal justice system The book is a critical contribution to the current debate around challenging the mass incarceration and ending mandatory sentencing especially for non violent offenders

Prison and Social Death Joshua M. Price, 2015-07-01 The United States imprisons more of its citizens than any other nation in the world To be sentenced to prison is to face systematic violence humiliation and perhaps worst of all separation from family and community It is to borrow Orlando Patterson s term for the utter isolation of slavery to suffer social death In Prison and Social Death Joshua Price exposes the unexamined cost that prisoners pay while incarcerated and after release drawing upon hundreds of often harrowing interviews conducted with people in prison parolees and their families Price argues that the prison separates prisoners from desperately needed communities of support from parents spouses and children Moreover this isolation of people in prison renders them highly vulnerable to other forms of violence including sexual violence Price stresses that the violence they face goes beyond physical abuse by prison guards and it involves institutionalized forms of mistreatment ranging from abysmally poor health care to routine practices that are arguably abusive such as pat downs cavity searches and the shackling of pregnant women And social death does not end with prison The condition is permanent following people after they are released from prison Finding housing employment receiving social welfare benefits and regaining voting rights are all hindered by various legal and other hurdles The mechanisms of social death Price shows are also informal and cultural Ex prisoners face numerous forms of distrust and are permanently stigmatized by other citizens around them A compelling blend of solidarity civil rights activism and social research Prison and Social Death offers a unique look at the American prison and the excessive and unnecessary damage it inflicts on prisoners and parolees
