The Pentecostal World Michael Wilkinson, Jörg Haustein, 2023-04-01 The Pentecostal World provides a comprehensive and critical introduction to one of the most vibrant and diverse expressions of contemporary Christianity Unlike many books on Pentecostalism this collection of essays from all continents does not attempt to synthesize and simplify the movement's inherent diversity and fragmented dispersion Instead the global flows of Pentecostalism are firmly grounded in local histories and expressions as well as the various modes of their worldwide reproduction The book thus argues for a new understanding of Pentecostal and Charismatic movements that accounts for the simultaneous processes of pluralization and homogenization in contemporary World Christianity Written by a distinguished team of international contributors across various disciplines the volume is comprised of six parts with each offering a critical perspective on classical themes in the study of Pentecostalism Led by a programmatic introduction the thirty six chapters within these parts explore a variety of themes history and historiography conversion spirit beliefs and exorcism prosperity

politics gender relations sexual identities racism development migration pilgrimage interreligious relations media ecumenism and academic research The Pentecostal World is essential reading for students and researchers in anthropology history political science religious studies sociology and theology The book will also be very useful for those in related fields such as culture studies black studies ethnic studies and gender studies

Minimally Invasive Bariatric Surgery Stacy A. Brethauer, Philip R. Schauer, Bruce D. Schirmer, 2015-03-03 The second edition of *Minimally Invasive Bariatric Surgery* provides a comprehensive state of the art review of this field and it serves as a valuable resource for clinicians surgeons and researchers with an interest in minimally invasive bariatric surgery Additionally the second edition includes new features that will benefit the resident fellow or bariatric surgeon new to the field Specifically each evidence based chapter i e outcomes complications epidemiology etc concludes with three or four exam questions that emphasize the salient points of the chapter and provide fellowship programs a valuable training tool and resource for their academic curriculum These questions are either single answer multiple choice or true false format and the correct response with a brief explanation follows As more emphasis is placed on completing a comprehensive curriculum and obtaining certification for bariatric training this aspect of the book is unique and provides added value to the text The new edition also incorporates many new or updated medical illustrations to enhance the technique chapters and provide more uniformity for the artwork throughout the book Each of the major procedures include surgical technique outcomes and management of complications in separate chapters to provide an easy reference for the busy clinician preparing for a case or presentation Another unique feature of the text is a link to video files hosted online for the relevant chapters This video library will be of great value to the user As the number of fellowships in laparoscopic bariatric surgery continues to increase this updated text will provide a valuable resource for general and bariatric surgeons laparoscopic surgeons fellows residents medical students obesity researchers and industry representatives involved in this field

The Future of Policing Jennifer Brown, 2013-10-08 The police service in England and Wales is facing major challenges in its financing political oversight and reorganisation of its structures Current economic conditions have created a wholly new environment whereby cost saving is permitting hitherto unthinkable changes in the style and means of delivery of policing services In the context of these proposed changes Lord Stevens formerly Commissioner of the

Metropolitan Police Service was asked to chair an Independent Commission looking into the future of policing The Commission has a wide ranging remit and the papers in this book offer up to date analysis of contemporary problems from the novel perspective of developing a reform agenda to assist the Commission Bringing together contributions from both key academic thinkers and police professionals this book discusses new policing paradigms lays out a case for an evidence based practice approach and draws attention to developing areas such as terrorism public order and hate crime Policing is too important to be left to politicians as the health of a democracy may be judged by the relationship between the police and the public The aim of this book is to question and present analyses of problems offer new ideas and propose realistically achievable solutions without being so timid as to preserve the status quo It will be of interest to both academics and students in the fields of criminology and policing studies as well as professionals in the policing service NGOs and local authority organisations

Community Colleges and the Access Effect J. Scherer,M. Anson,2014-04-02 Taking on the cherished principle that community colleges should be open to all students with a high school education Scherer and Anson argue that open access policies and lenient federal financial aid laws harm students and present the case for raising the minimum requirements for community college entry
