Sda Elders Manual 2015:

Home-Based Care Ministry Judy Mathers, 2019-08-06 We live in a broken world with broken people Often it is easy to ignore the needs of the people around us But what would God want us to do In His ministry here on earth Jesus reached out to the most hurt most abused and most reviled members of His community He healed not only their bodies but their spirits Should we do any less The Seventh day Adventist Church has a unique opportunity to serve the hurting in their community through a Home Based Care ministry With our mission to love serve and teach and with the numerous church resources already available we can do what many others cannot be the safe haven of health and healing that God intends His church to be While this book focuses on ministry to individuals and their families dealing with HIV and AIDS the principles found here can be applied to anyone with a terminal illness who finds himself herself on the other side of accepted society It shows us that instead of being critical we should accept where people and their choices have led them doing our best to minister with the love and care of Jesus

Unconventionality of Church Leadership, The Earlington Guiste, 2015-08-05 If you were to ask a room full of CEOs what the most important leadership trait is for an executive officer most would share such attributes as authoritative decisive knowledgeable dedicated tough tactical and dominant It is doubtful that any would say humility The challenge for many churches today is that church officers and leaders are trained to think in terms of secular leadership practices which are often void of servility The Unconventionality of Church Leadership It Works examines current business leadership principles and compares them with the exemplary leadership practices that Jesus displayed while here on earth By implementing a shepherd servant leadership model in our churches and executing a strategic plan that engages and utilizes the talents of all members Earlington Guiste seeks to inspire church members and leaders to carry out the great commission and fulfill the organismic nature of God's church

Servants in Charge Keith M. Bailey, 2007-04-01 Servants in Charge is a training guide for elders and deacons with a study guide included Servants in Charge define the roles of elders and deacons and offers practical suggestions for selecting these important leaders And for servants who find themselves in charge there are guidelines toward effective and fruitful ministry Have you ever been in an office or a place of business when someone walked in and asked Who's in charge here Can it be that the people who enter your church ask the same question but it is important to realize the answer is not a mystery In a beautiful parable about His second coming Jesus made it clear that His servants are in charge These people are known not so much for their position or power but for their attitude of true servanthood In Servants in Charge we find that Dr Bailey deals with the topics of who a deacon and elder are to be to what their qualifications are from a scriptural basis He also goes on to explain their biblically based ministries and their spiritual gifts as laid out in the New Testament He completes this short study with a guide for preparation for them and their election and consecration A great must have for the church today
