

Church Welcome Speech

I want to take a moment to extend a very warm welcome to everyone who's visiting us for the first time this morning. Whether you're just having a look, or are searching out for a place to worship, we're delighted to have you here.

To give you some idea of what we're all about, I'll quickly sketch some of our foundational beliefs.

Our vision says this: Getting and growing people in relationship with Jesus.

So firstly, we're all about Jesus Christ. We believe that Jesus was who he said he was, the Son of God who came and died for our sins. So if this is your first time in church, we hope that get to know Him as we do, because He's truly what life is all about for us!

Secondly we're all about people. Every person who walks through our doors is important to us, so if you ever feel like just another number, we're doing something wrong and I give you permission to tell me about it.

As a group of God's people we care about you and your family and we're here not only to feed you spiritually, but to help in any way we can. We love doing it and it's why we exist!

Sda Welcome Speech For Church Service:

Seventh Day Baptist Yearbook ,1812 **Two Continents and One Island** Abel Ndambasha,2021-06-03 Two Continents and One Island conveys a physical representation to the metaphorical mental and spiritual journey of growth undertaken by the protagonist through life s unknowns It chronicles the author s life story starting in Zambia Africa where he was born and raised through Cuba where he attended postsecondary education to North America where he ultimately established his professional life It makes for an intriguing life story of perseverance and opportunity interspersed with failures and successes sorrows and laughter ups and downs but above all God s direction at every turn The interweaving of religion and morality recurring as a predominant theme is well presented through the author s unique experiences in three unique environments The story is not merely a series of facts about the protagonist s life but it also fluidly manages to reflect the author s views on religion politics and social themes from both the perspectives of being a devout Christian and a vulnerable young man on a sojourn to distant lands while surrounded by temptations which are usually quite different Yet he manages to reconcile these viewpoints very nicely and shows how a black and white view on morals and the world can become grayer and still retain its righteous character This blend between spirituality carnal desires masquerading as temptations of a young man and his unique perspective on politics in a time of extreme political upheaval makes for the most fascinating storyline in the book While the author is quick to point out that this is not a story about the rise from poverty to riches he lays out an interesting perspective of how Providence orchestrated his life and miraculously opened doors at every step of the way with the help of what he commonly refers to as human angels In the end he reminds us that all things considered success no matter how it is defined is uniquely about tenacity and will The memoir covers an array of universal experiences such as growth spirituality culture and politics It is a well written and fascinating book as it provides a unique perspective on such difficult times in the author s history and journey Additionally it paints an interesting viewpoint likely to capture the attention and enjoyment of those who may not have shared the journey and origins Whether it is the reader wishing to explore life s paradoxes in the diaspora or the immigrant who may draw upon the common experience or perhaps the curious reader wishing to explore the intricacies of a closed socialist system everyone will find the story relatable and easier to share in the experience of the protagonist

The Sabbath Recorder ,1924 Pathways to Heaven Holger Jebens,2006-09-01 How does global Christianity relate to processes of globalisation and modernization and what form does it take in different local settings These questions have lately proved to be of increasing interest to many scholars in the social sciences and humanities This study examines the tensions antagonisms and outright confrontations that can occur within local Christian communities upon the arrival of global versions of fundamentalism and it does so through a rich and in depth ethnographic study of a single case that of Pairundu a small and remote Papua New Guinean village whose population accepted Catholicism after first being contacted in the late 1950s and subsequently participated in a charismatic movement

before more and more members of the younger generation started to separate themselves from their respective catholic families and to convert to one of the most radical and fastest growing religious groups not only in contemporary Papua New Guinea but world wide the Seventh Day Adventist Church This case study of local Christianity as a lived religion contributes to an understanding of the social and cultural dynamics that increasingly incite and shape religious conflicts on a global scale
