David Kirk

November 2013 Grade Mathematics Exam Memorandum:

From Thomas to Train Conductor Suzanne Jacobsen, 2013-07 In 2010 Kirin Jacobsen walks across the auditorium stage to receive his Bachelor's Degree. For his parents Suzanne and John Jacobsen this moment is more than a milestone; it is a celebration of Kirin's courage to overcome enormous obstacles. Follow the Jacobsen family as Kirin grows from a boy who passionately loves Thomas the Tank Engine into a wise and wonderful young man who becomes a train conductor. The Jacobsen family faces many challenges with medical professionals and educators demonstrating the extent of the advocacy required to support Kirin into adulthood. Individuals with developmental differences and their families are constantly faced with ignorance, complacency, disrespect, and misunderstanding. The Jacobsens' story is shared to encourage parents to advocate for their loved ones and inspire changes that will make a difference in the lives of these individuals. **Rethinking the SAT** Rebecca Zwick, 2013-04-15 Rethinking the SAT is a unique presentation of the latest thoughts and research findings of key individuals in the world of college admissions, including the president of the largest public university system in the U.S. as well as the presidents of the two companies that sponsor college admissions tests in the U.S. The contributors address not only the pros and cons of the SAT itself but the broader question of who should go to college in the twenty-first century.
