In Our Hands Elizabeth Palley, Corey S. Shdaimah, 2014 Working mothers are common in the United States In over half of all two parent families both parents work and women s paychecks on average make up 35 percent of their families incomes Most of these families yearn for available and affordable child care but although most developed countries offer state funded child care it remains scarce in the United States And even in prosperous times child care is rarely a priority for U S policy makers In In Our Hands The Struggle for U S Child Care Policy Elizabeth Palley and Corey S Shdaimah explore the reasons behind the relative paucity of U S child care and child care support Why they ask are policy makers unable to convert widespread need into a feasible political agenda They examine the history of child care advocacy and legislation in the United States from the Child Care Development Act of the 1970s that was vetoed by Nixon through the Obama administration s Child Care Development Block Grant The book includes data from interviews with 23 prominent child care and early education advocates and researchers who have spent their careers seeking expansion of child care policy and funding and an examination of the legislative debates around key child care bills of the last half century Palley and Shdaimah analyze the special interest and niche groups that have formed around existing policy arguing that such groups

limit the possibility for debate around U S child care policy Ultimately they conclude we do not need to make minor changes to our existing policies We need a revolution *Enough Blame to Go Around* Richard Steier,2014-01-01 Since 1980 Richard Steier has had a unique vantage point to observe the gains losses and struggles of municipal labor unions in New York City He has covered those unions and city government as a reporter and labor columnist for the New York Post and since 1998 as editor and featured columnist of the Chief Leader a century old independent newspaper that covers city and state government in greater detail than today s mainstream news organizations Drawing from his column with the Chief Leader Razzle Dazzle Enough Blame to Go Around describes in vivid terms how the changed economy has drastically altered the city s labor landscape and why it has been difficult for municipal unions to adapt There can be no doubt he writes that public employee unions have contributed to the problems that confront them today including corruption and failed leadership But at the same time and for all their flaws he believes unions represent the best chance for ordinary people to receive fair economic treatment *Neonatal Anesthesia* Jerrold Lerman,2014-12-29 This is the first comprehensive book in more than a decade in the very specialized field of neonatal anesthesia Edited and written by a team of recognized experts in neonatal anesthesia surgery and intensive care this volume is the quintessential clinical reference for perioperative care of these small patients The considerations of developmental physiology and pharmacology which influence anesthesia care and pain management are clearly explained Care for surgical and medical procedures including sedation and monitoring in and out of the operating room is detailed Congenital disorders of all organ systems are described together with their current management The special considerations for neonatal intensive care current recommendations for fluid nutrition and metabolic requirements mechanical ventilation and management of the airway are detailed This topical volume concludes with a summary of complications and ethical considerations in the neonate *Embodying Art* Chiara Cappelletto,2022-11-08 In recent years neuroscientists have made ambitious attempts to explain artistic processes and spectatorship through brain imaging techniques But can brain science really unravel the workings of art Is the brain in fact the site of aesthetic appreciation Embodying Art recasts the relationship between neuroscience and aesthetics and calls for shifting the focus of inquiry from the brain itself to personal experience in the world Chiara Cappelletto presents close readings of neuroscientific and philosophical scholarship as well as artworks and art criticism identifying their epistemological premises and theoretical consequences She critiques neuroaesthetic reductionism and its assumptions about a mind body divide arguing that the brain is embodied and embedded in affective cultural and historical milieus Cappelletto considers understandings of the human brain encompassing scientific philosophical and visual and performance arts discourses She examines how neuroaesthetics has constructed its field of study exploring the ways digital renderings and scientific data have been used to produce the brain as a cultural and visual object Tracing the intertwined histories of brain science and aesthetic theory Embodying Art offers a strikingly original and profound philosophical account of the human brain as a living artifact
