O-Level Shona Grammar K. Bruehwiler, B. Inauen, 1974 **O-level Shona Grammar** B. Inauen, K. Bruehwiler, C. Gadzikwa, 1983 *Language Policies and Educational Practices* Saraswati Saini, 2025-01-03

Language Policies and Educational Practices explores the critical role of language policies in education systems. Language is a fundamental tool for communication, shaping our thoughts and interactions. This book examines how language policies determine the medium of instruction at various educational levels, focusing on the practicalities and challenges of these policies. We highlight the importance of local languages in contributing to a country's social, political, and economic development, emphasizing their vital role in education. Using case studies, we analyze how local language policies are implemented by teachers, the challenges they face, and practical solutions to these challenges. The book also discusses the need for refresher courses for teachers and training for translators. From the 1960s, the federal government encouraged and sometimes mandated the use of non-English languages in education. This book covers significant legislative milestones such as the Bilingual Education Act of 1968, the Native American Languages Act of 1990, and other federal programs promoting language diversity and literacy.

The Accusation Zosia Wand, 2018-06-01

What if someone threatened your happily ever after? A brilliantly suspenseful domestic noir about family, motherhood, and choosing the right people to trust. Eve and Neil live in the beautiful Cumbrian town of Tarnside. After trying and failing to have a baby, they are in the final stages of adopting four-year-old Milly. They just have to pass the settling-in period: three months of living together as a family under watchful eyes, and then they can make it official. For Eve, her years of heartbreak are nearly at an end. But her happiness is fragile. Any hint of trouble, and the adoption could collapse. All it would take to smash Eve's new family to pieces is one misunderstanding, one rumour, one accusation. What readers are saying about *The Accusation*: I couldn't put this down, a brave novel with real issues and set in a tight, moving suspense. 5-star review: drsazmac. Interesting, exciting, and thoroughly engaging. I loved it. 5-star review: Ella. If you enjoy domestic thrillers with a sinister twist, this is one to read. 5-star review: Joliffe. Prospectus University of Zimbabwe, 1984 **Zimbabwe Books in Print**, 1993 *Contrastive Rhetoric in Shona and English* Juliet Thondhlana, 2000

The influence of the learner's mother tongue on the use of a second language has long been of interest within applied linguistics. Whilst most studies have focused on the sentence level, contrastive rhetoric has broadened this area of investigation to the levels of discourse and text. This study explores and applies the approach to written English and Shona of Shona native speakers in Zimbabwe. It is both theoretical and practical, highlighting the importance of multi-dimensional and non-evaluative analytical frameworks and providing information for second language teachers and learners.
