While an education reduced the Southern Sky effect, the effect was still large. The 1990-1991 cohort of high school seniors had an average of 12 years of education. This suggests that roughly equal education did not appear to give us the desired results. The results suggest that the Southern Sky effect was not eliminated, though very close to elimination in 1990-1991.

It really just boiled for many groups and we had a fantastic turnout. There were approximately 40-50 people, unfortunately, something like a third of them were for peace. Unfortunately, however, this was just another opportunity for the right wing to come forward and challenge us. Unfortunately, when we asked if we could have a more moderate crowd?
