Plato's *Meno* Cristina Ionescu, 2007-01-01 This is a comprehensive interpretation of Plato's *Meno* through examination of dramatic details and analysis of arguments

Plato, and the Other Companions of Sokrates George Grote, 1865

The ^AOxford Handbook of Plato, 2019-10-07 This second edition of *The Oxford Handbook of Plato* includes updates to many of the original chapters as well as new chapters from six leading scholars of ancient philosophy: Hugh Benson on the *Apology*, Crito and *Euthyphro*; James Warren on the *Protagoras* and *Gorgias*; Lindsay Judson on the *Meno*; Luca Castagnoli on the *Phaedo*; Susan Sauvé Meyer on the *Laws*; and David Sedley on Plato's theology. These contributions add depth to both the dialogues and topics covered in this new edition

Plato and the Other Companions of Sokrates George Grote, 2023-12-21 In *Plato and the Other Companions of Sokrates* George Grote delves into the philosophical milieu of ancient Athens providing a thorough analysis of Plato's dialogues and the influential figures surrounding Socrates. With a keen emphasis on the contextual nuances of philosophical thought during the fifth century BCE, Grote employs a narrative style that is both scholarly and accessible, intertwining historical detail with critical interpretation. The text serves not only as a biographical exploration of Socrates' circle but also elucidates the evolution of philosophical ideas that shaped Western thought, demonstrating how Plato's work was a response to his teacher's life and death. George Grote, a notable Victorian historian and philosopher, was deeply influenced by the intellectual currents of his time, particularly the revival of interest in classical philosophy. His academic pursuits reflect a profound understanding of both Greco-Roman history and the philosophical landscape, which undoubtedly informed his writing in *Plato and the Other Companions of Sokrates*. Grote's rigorous approach was instrumental in bridging the gap between ancient texts and contemporary thought, making complex ideas comprehensible to modern readers. This book is essential for anyone interested in the foundational ideas of Western philosophy and the vibrant intellectual climate of ancient Athens. By engaging with Grote's work, readers will not only deepen their understanding of Plato and Socrates but also appreciate the rippling effects of their thoughts on the trajectory of philosophical inquiry. It is a significant resource for both students and scholars alike. In this enriched edition, we have carefully created added value for your reading experience. A succinct Introduction situates the work's timeless appeal and themes. The Synopsis outlines the central plot, highlighting key developments without spoiling critical twists. A detailed Historical Context immerses you in the era's events and influences that shaped the writing. A thorough Analysis dissects symbols, motifs, and character arcs to unearth underlying meanings. Reflection questions prompt you to engage personally with the work's messages, connecting them to modern life. Hand-picked Memorable Quotes shine a spotlight on moments of

Rational Spirituality and Divine Virtue in Plato Michael LaFargue,2016-04-28 Michael LaFargue presents an important and accessible aspect of Plato s legacy largely overlooked today a variety of personal spirituality based on reason and centered on virtue Plato s Virtue Forms are transcendent in their goodness ideals that Platonists can use to improve character and become like God so far as is humanly possible LaFargue constructs a model of inductive Socratic reasoning capable of acquiring knowledge of these perfect Virtue Forms then scales back claims about these Forms to what can be supported by this kind of reasoning This is a critical theory but also a pluralistic one that accommodates modern cultural diversity A how to chapter provides detailed descriptions of the rules of Socratic reasoning basic to this spirituality which any interested individual can practice today LaFargue supports his interpretation by a close reading of the Greek text of key passages in Plato s dialogues The work also undertakes a broader philosophical consideration discussing the philosophical foundations proposed for this Platonism in relation to the thought of G E Moore Ludwig Wittgenstein Martin Heidegger Friedrich Nietzsche and Richard Rorty **Plato's Philosophers** Catherine H. Zuckert,2009-08-01 Faced with the difficult task of discerning Plato s true ideas from the contradictory voices he used to express them scholars have never fully made sense of the many incompatibilities within and between the dialogues In the magisterial *Plato's Philosophers* Catherine Zuckert explains for the first time how these prose dramas cohere to reveal a comprehensive Platonic understanding of philosophy To expose this coherence Zuckert examines the dialogues not in their supposed order of composition but according to the dramatic order in which Plato indicates they took place This unconventional arrangement lays bare a narrative of the rise development and limitations of Socratic philosophy In the drama s earliest dialogues for example non Socratic philosophers introduce the political and philosophical problems to which Socrates tries to respond A second dramatic group shows how Socrates develops his distinctive philosophical style And finally the later dialogues feature interlocutors who reveal his philosophy s limitations Despite these limitations Zuckert concludes Plato made Socrates the dialogues central figure because Socrates raises the fundamental human question what is the best way to live Plato s dramatization of Socratic imperfections suggests moreover that he recognized the apparently unbridgeable gap between our understandings of human life and the nonhuman world At a time when this gap continues to raise questions about the division between sciences and the humanities and the potentially dehumanizing effects of scientific progress Zuckert s
