

PLATO'S APOLOGY READING AND QUESTIONS

Directions: Read and then answer the following questions about Plato's Apology.

Plato's Apology (reading):

"Plato's Apology is not Plato's at all. It is actually Socrates. Since Socrates was illiterate, Plato wrote everything Socrates said.

Yet another aspect of Socrates' teachings that Plato named after him: If the way that the dialogue worked is that Socrates would meet a young man who claims to know something about one of the "big topics" (Intelligence, bravery, cleverness, etc.). Socrates would at first pretend to be used at first, causing the young man to feel very good about himself. Then Socrates notices a minor problem with the youth's argument, though, Socrates would simply unravel the youth's theories, leaving the youth confused. Both admit to being ignorant and hide, he runs away with embarrassment. Many tempt to talk it with Socrates in order to discover the truth. In the end, the truth is undiscovered, but the youth now has learned to question the "truth" and just take it as something that everyone knows for granted.

The opening of the Apology is not an "apology" or model of defense. In The Apology, Socrates attempts to defend himself and his conduct - certainly not apologize.

For the most part, Socrates speaks in a straightforward manner. He is honest and direct. He explains that he is wiser than others because he admits that he is ignorant. In order to spread this wisdom, he had to spend much of his time in that thought. He is not as ignorant as many of Athens admired him for his activities, but he earned hatred and anger from the people. He referred not to be questioned by the youth.

Socrates interrogates Meletus, the man charged with bringing Socrates before the jury. This is the only time he cross-examines, but it is not as dramatic as the Socratic method. He is reminiscent of the Socratic method that got him in trouble in the first place. The method did not work in this case. The jury found Socrates guilty and then given the chance to defend and change his ways, he chose to accept death, refusing to be a dishonest man.

The end part about Socrates' death is that one of the great philosophers of all times died without ever finding the knowledge he was seeking. To be fair, though, we now know that intelligence, bravery, cleverness, and artistic ability is a gray area and are in the middle of the spectrum. We still don't have definitive answers.
