History of the Japanese Video Game Industry Yusuke Koyama,2023-06-02 This book is the first one to describe the entire history of the video game industry in Japan The industry consists of multiple markets for PCs home consoles arcades cellular phones and smart phones and it is very difficult to see the complete picture The book deals comprehensively with the history of the Japanese game industry from the beginning of the non computer age to the present The video game industry in Japan was established in the arcade game market when Space Invaders was released by Taito in 1978 Game markets for both PCs and home consoles followed in the

early 1980s The platform that occupies a central market position started with the arcade and shifted in order to the home console handheld consoles and smart phones In the video game industry in the twentieth century each platform had a clear identity and the relationships among platforms were interactions In the twenty first century with the improvement of computer performance the platform identity has disappeared thus the relationship among platforms is highly competitive Since the crash of 1983 in the United States the Japanese game industry has one of the largest market shares in the world and has developed without being influenced by other countries It reached its peak in the late 1990s and then its relative position declined due to the growth of foreign markets and the failure of emerging markets such as online PC games Even today Japan s gaming industry holds a dominant position in the world but it is not the superpower it once was Since the beginning of the twenty first century game research has become active worldwide Among game researchers there is a large demand for research on games in Japan but there is still little dissemination of research in English The original version of this book published in Japan is highly regarded and received an award for excellence from the Society of Socio Informatics in 2017

A Guide to Movie Based Video Games, 2001 Onwards Christopher Carton,2024-08-30 Play Along with the Film When gaming moved from the 16 bit era and into the exciting realm of 3D gameplay Hollywood properties continued their journey into the interactive medium Popular home and handheld consoles played host to ambitious titles that sought to bridge the gap between movies and video games providing fans with scenarios that both replicated and went beyond their favorite stories Gathered in this book are some of the biggest video games that originated from movies some being direct adaptations and others that expanded existing universes With 20 chapters covering over 450 games including every Lego movie video game and franchises such as Star Wars Aliens Disney Pixar and The Lord of the Rings A Guide to Movie Based Video Games 2001 2023 gives readers a chance to revisit and discover the ups and downs of licensed titles across two action packed decades Load up the reels press start and immerse yourself in timeless adventures
