Project Management Professional PMP Certification Exam on the first try while cutting study time in half *A Roadmap to Cracking the PMP® Exam* Stuart Brunt, PMP, PgMP, PMI-RMP, 2013-05 This PMP Study Guide employs multilearning techniques to maximize your knowledge retention for the many project management terms and concepts Based on the PMBOK Guide Fifth Edition the contents deliver the information knowledge and confidence needed to pass the PMP exam This book provides comprehensive coverage of the information required to prepare for the PMP exam in an easy to understand format and also includes many practice questions and quizzes An emphasis on areas of exam difficulty with examples and exercises is also provided based on feedback analysis **CompTIA Project+ Study Guide Authorized Courseware** Kim Heldman, William Heldman, 2010-07-01 Prepare for CompTIA's newly updated Project certification exam CompTIA is offering the first major update to its Project certification in six years and this in depth study guide from project management industry experts Kim and William Heldman is the perfect preparation for the new exam You'll find complete coverage of all exam objectives including key topics such as project planning execution delivery closure and others CompTIA's Project is the foundation level professional exam in the complex world of project management certified project managers often choose to go on and obtain their Project Management Professional PMP certifications as well Provides complete coverage of all exam objectives for CompTIA's first update to the Project exam in six years Covers project planning execution delivery change control communication and closure Demonstrates and reinforces exam preparation with practical examples and real word scenarios Includes a CD with Sybex test engine practice exams electronic flashcards and a PDF of the book Approach the new Project exam with confidence with this in depth study guide Note CD ROM DVD and other supplementary materials are not included as part of eBook file PMP and Project Management Professional are registered marks of Project Management Institute Inc **The Comprehensive Guide for PMP® Certification** Kal Jayaswal, PMP and Archana Jayaswal, PMP, CSM, 2019-06-30 Why you need this PMP guide Coverage of the 100% of the exam content Lots of figures and tables for faster preparation ITTO made easy with diagrams and built in text Simple explanations for difficult concepts Synopsis and formulas section for reference before the PMP exam Easy to follow layout 400 sample questions with detailed explanations Full length practice exam Tips for practical project management How to for Microsoft Project MPP application This book is a must have for those preparing for PMP certification It is different than existing books because we believe that PMP preparation can be quick and efficient We have read the existing books and taken the PMP exam and we have found that most books contain unnecessary content Reduce your preparation time There are several books in the market that have pages of painful and irrelevant text that would just be a waste of your time This book has text that is concise and relevant for the exam Figures and tables There are 200 figures and tables in the book When text is needed to explain the figure the text is embedded into the figure rather than forcing you to read long paragraphs and pages of commentary to find relevant material Personalized conversational style When possible we use conversational style to make for easier reading Active learning We

believe that learning is best when the reader is involved instead of doing a show and tell. Wherever applicable e.g. for schedule, cost, quality, risk, procurement, there are workbook style exercises. Examples: You will find lots of examples followed by its underlying concept or generalized step by step procedure. This sequence makes it easier to understand concepts.

REVIEW FROM CONTACT 1 I have studied various PMP guides and tutorials in the market. But this book is different, stands out, and would be the best companion guide to the PMBOK. Difficult concepts are presented in a style that is easy to follow. The content is concise and supported by illustrative figures and tables. This will save you from wasting your time on irrelevant or copious content. In my opinion, this is the ONLY book you will need to pass the PMP exam. Other printed books and online sites have questions that are easier than the PMP exam and some wrong answers and explanations. The 400 questions are at the same level of rigor as you will find in the PMP exam. I wish I had this guide when I prepared for the PMP exam.

Andrew Anderson, PMP, Los Angeles, CA **Pmp Exam Cram**, Alexander R. McDuffie, 2015-07-14

Your first step in preparing and passing the project management professional PMP exam starts with PMP Exam Cram: Passing the First Time. The PMP exam cram is a question guide for the project management professional certification test. The content and the PMP practice questions are based on the current Project Management Body of Knowledge (PMBOK) 5th edition. Whether you are starting your PMP prep training or expert in project management, this book will enhance your ability to be a better project manager and on your way to become a certified project management professional. In the PMP Exam Cram, we wanted to simulate the real project management professional exam, so as an extra bonus, there is a 200 PMP mock question exam inside. Each question has a detailed answer and explanation on what that is the correct answer, what process group and knowledge area the question falls under. In addition, there are 10 simulated PMP quizzes over each framework area such as Time Management, Scope Management, Risk Management. Now you can focus on a specific area if you are weak and pass the PMP exam. This book will help you. Gives you real PMP questions that you might expect on the project management exam. Complete overall assessment if you are ready to sit for the PMP exam or need additional study time. Learn PMP's question styles and PMBOK principles to pass and earn the project management certification. The final exam test if you are ready for the real PMP exam. With detailed answers and explanations, you will find your weakness and eliminate them to successfully pass the exam.
