International GAAP 2015 Ernst & Young LLP, 2015-02-11 IFRSs the standards set by the International Accounting Standards Board IASB are complex and sometimes obscure Understanding their implications and applying them appropriately requires something special and that is why International GAAP 2015 is the essential tool for anyone applying auditing interpreting regulating studying and teaching international financial reporting It provides expert interpretation and practical guidance for busy professionals and includes in every chapter detailed analysis of how complex financial reporting problems can be resolved appropriately and effectively The International Financial Reporting Group of Ernst Young includes financial reporting specialists from throughout the world Complex technical accounting issues are explained clearly in a practical working context that enables immediate understanding of the point at issue International GAAP 2015 is the only globally focused work on IFRSs It is not constrained by any individual country's legislation or financial reporting regulations and it ensures an international consistency of approach unavailable elsewhere It shows how difficult practical issues should be approached in the complex global world of international financial reporting where IFRSs have become the accepted financial reporting system in more than 100 countries This integrated approach provides a unique level of authoritative material for anyone involved in preparing interpreting or auditing company accounts for regulators academic researchers and for all students of accountancy All aspects of the detailed requirements of IFRS are dealt with on a topic by topic basis Each chapter of International GAAP 2015 deals with a key area of IFRS and has a common structure for ease of use An introduction to the background issues An explanation of relevant principles A clear exposition of the requirements of IFRS A discussion of the implications in practice and possible alternative solutions available Worked examples Extracts from real company accounts A full listing of the required disclosures

Standardization of Financial Reporting and Accounting in Latin American Countries Lourenço, Isabel, Major, Maria, 2015-07-01 Accounting has often been described as the language of business As the increasing competition of overseas markets begins to affect even the smallest local companies many more business professionals must become fluent in accounting principles and practice Standardization of Financial Reporting and Accounting in Latin American Countries highlights the recent move to International Financial Reporting Standards IFRS and addresses some of the concerns raised due to cultural differences and the level of enforcement of these standards in separate countries Describing the evolution of both financial and managerial accounting due to the adoption of IFRS this book is an essential reference source for both students and seasoned professionals in the fields of accounting finance and related management fields especially those with an international emphasis

From Stress to Growth Marcus Noland, Donghyun Park, 2015-10-20 Asian financial systems which serve the most economically dynamic region of the world survived the global economic crisis of the last several years In From Stress to Growth Strengthening Asia's Financial Systems in a Post Crisis World scholars affiliated with the Peterson Institute for International Economics and the Asian Development

Bank argue in separate essays that Asian systems must strengthen their quality diversity and resilience to future shocks in order to deliver growth in coming years The book examines such phenomena as the dominance of state owned banks the growth of non bank lending the so called shadow banks and the need to develop local bond markets new financial centers and stronger supervisory tools to prevent dangerous real estate asset bubbles China s large financial system is discussed at length with emphasis on concerns that China s system has grown too fast that it is overly tilted toward corporate borrowing and that state domination has led to overly easy credit to state owned actors Asia needs investment to improve its infrastructure and carry out technological innovation but the book argues that the region s financial systems face challenges in meeting that need

The Dilemma between Quality Reputation and Risk Prevention: Warranty Provisions of Car Manufacturers Daniel Siebert, 2014-06-27 Car manufacturers are playing a major role beneath the most promising industries for investors But the changing environment of political decisions and moving values of customers influence the strategies of the OEMs The quality strategy of the car brand plays an enormous role The increasing trend of major recall initiatives of vehicles is part of the daily press and harms the quality reputation of the car makers But how can the analyst give a statement about the quality performance with the public information provided by the OEMs One possibility is the evaluation of the provision for warranty which is part of the liabilities in the annual report This book compares the applicable requirements like laws and reporting standards which have to be followed It shows calculation methods to make the impact of laws and reporting standards visible In respect to the estimation of the failure probability statistic methods are explained Finally the annual reports of the biggest car manufacturers are compared with each other in regards to the available information about warranty provisions and key figures are analyzed

New Models of Financing and Financial Reporting for European SMEs Eva Kaili, Dimitrios Psarrakis, Raz van Hoinaru, 2019-02-28 This book looks at the 23 million registered Small and Medium Enterprises SMEs that make up 98 per cent of the EU economy Addressing the high end of SMEs in terms of new models for SME funding and financial reporting this merged way of looking at SMEs reveals a myopic thinking in terms of net present value and future cash flows generating short termism and low risk appetite for business This is not an accounting issue but rather a preference toward certain financial tools A segment of SMEs the ones that seek new ways of funding possibilities as well as modern technologies MTFs listing blockchain ICOs etc do require even without knowing IFRS for SMEs This book reveals how market conditions impact the financial performance and sustainability of SMEs and also generate innovative policy interventions and financing strategies for SME integrity and efficiency The authors frame their arguments in the context of the Capital Markets Union looking at the Innovation Triangle SME growth ecosystem and business models They conclude by advocating for closing the circle of financing and financial reporting for SMEs while considering if new financial models of financing and financial reporting are good for all the SMEs or only for some The economy is being shaped by new models of financing and financial reporting Read this practitioners view to understand the
