Poe Edgar Allan Racconti:

Racconti Edgar Allan Poe, 2013-02-07 La produzione di Edgar Allan Poe estremamente variegata scrisse racconti che anticiparono la fantascienza Una discesa nel Maelström che preannunciarono il poliziesco I delitti della rue Morgue che prepararono il successo del cosiddetto horror Il cuore rivelatore Il gatto nero Fu dunque un precursore tanto che per gran parte della sua vita gli fu negato il successo Ma in qualsiasi genere si cimentasse e qualsiasi riscontro ottenesse non rinunci mai a scandagliare i più nascosti recessi dell'animo umano mettendone in rilievo gli aspetti più oscuri e inquietanti Berenice Il crollo della casa degli Usher quegli aspetti che ebbero il sopravvento anche nella sua breve intensa disordinata vita in bilico tra la ricerca di purezza incarnata dall'amore per la giovanissima moglie Virginia e il baratro dell'eccesso al quale Poe non seppe sottrarsi In questi racconti dunque come nella biografia dell'autore chi legge potrà cogliere quel contrasto sottile tra ragione e follia tra verità e fantasia tra vita e morte tra normalità ed eccentricità in una parola quel sentimento del perturbante che alberga con sfumature più o meno evidenti nell'anima di ogni uomo

Translated Poe Emron Esplin, Margarida Vale de Gato, 2014-10-23 Few if any U.S. writers are as important to the history of world literature as Edgar Allan Poe and few if any U.S. authors owe so much of their current reputations to the process of translation Translated Poe brings together 31 essays from 19 different national literary traditions to demonstrate Poe's extensive influence on world literature and thought while revealing the importance of the vehicle that delivers Poe to the world translation Translated Poe is not preoccupied with judging the quality of any given Poe translation nor with assessing what a specific translation of Poe must or should have done Rather the volume demonstrates how Poe's translations constitute multiple contextual interpretations testifying to how this prolific author continues to help us read ourselves and the world we live in The examples of how Poe's works were spread abroad remind us that literature depends as much on authorial creation and timely readership as on the languages and worlds through which a piece of literature circulates after its initial publication in its first language This recasting of signs and symbols that intervene in other cultures when a text is translated is one of the principal subjects of the humanistic discipline of Translation Studies dealing with the products, functions and processes of translation as both a cognitive and socially regulated activity Both literary history and the history of translation benefit from this book's focus on Poe whose translated fortune has helped to shape literary modernity in many cases importantly redefining the target literary systems Furthermore we envision this book as a fountain of resources for future Poe scholars from various global sites including the United States since the cases of Poe's translations both exceptional and paradigmatic prove that they are also levers that force the reassessment of the source text in its native literature

Italian Music in Dakota Andrea Mariani, 2017-03-13 The intersection between literature and music is a major feature in Anglo-American cultural history The present volume analyzes the transatlantic migration of European opera and its appropriation by some of the most important literary figures of the United States The presence of opera in literary texts is

always operative and results in artistic outputs possessing more articulated and tense vectors of meaning The comparative method applied confirms the musical sensitivity of masters such as Poe Whitman Melville Dickinson Wharton Cather reveals the intriguing contradictions in the poetics of Emerson Thoreau and James and vindicates the role of some minor figures who through their involvement in the world of musical theater contributed to the intercultural context *Edgar Allan Poe* John Henry Ingram,1891 The National Union Catalog, Pre-1956 Imprints Library of Congress,American Library Association.
