are there for overcoming obstacles to black economic progress This book seeks answers to these questions through a combined quantitative and qualitative study of six municipalities in Florida Factors impeding the quest for equality include employer discrimination inadequate education increasing competition for jobs from white females and Latinos and a lack of transportation job training affordable childcare and other sources of support which makes it difficult for blacks to compete effectively Among factors aiding in the quest is the impact of black political power in enhancing opportunities for African Americans in municipal employment The authors conclude by proposing a variety of ameliorative measures strict enforcement of antidiscrimination laws public policies to provide disadvantaged people with a good education adequate shelter and food and decent jobs and self help efforts by blacks to counter self destructive attitudes and activities MS - Pcz Michael Peschke,2001 For researchers in business government and academe the Dictionary decodes abbreviations and acronyms for approximately 720 000 associations banks government authorities military intelligence agencies universities and other teaching and research establishments *The Code of Federal Regulations of the United States of America* ,1990 The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government
