*The Essential Texts of Political Philosophy* Eric Downs, 2017-07-19 Readers will find this work to be an invaluable reference and they will enjoy not only the varied selections but also the lucid introductions to each historical era and the brief sketches of each thinker This book introduces the essential skills rules and steps for producing effective political prose appropriate to many contexts from the editorial the op ed and the polemical essay to others both weighty and seemingly slight This book is much more than its title suggests It is an ode to quality reading and a hymn to clear thinking For those who seek leadership in the public arena and who are not gifted with Abraham Lincoln's or Henry Adams' expressive talents this book deserves to be a constant guidebook A Companion to Contemporary Political Philosophy Robert E.

Goodin, Philip Pettit, Thomas W. Pogge, 2012-03-12 This new edition of A Companion to Contemporary Political Philosophy has been extended significantly to include 55 chapters across two volumes written by some of today's most distinguished scholars New contributors include some of today's most distinguished scholars among them Thomas Pogge Charles Beitz and Michael

Doyle Provides in depth coverage of contemporary philosophical debate in all major related disciplines such as economics history law political science international relations and sociology Presents analysis of key political ideologies including new chapters on Cosmopolitanism and Fundamentalism Includes detailed discussions of major concepts in political philosophy including virtue power human rights and just war

**Philosophical Debates** Steven M. Cahn, 2021-05-04 This volume completes a trilogy of Steven M Cahn s shorter writings that includes *The Road Traveled and Other Essays* 2019 and *A Philosopher s Journey* 2020 Included here are his contributions to three philosophical debates first whether events are fated to occur second whether God is knowable and third whether morality can conflict with happiness The book contains not only Cahn s essays but also edited versions of the writings to which he is responding thereby putting his remarks into context and rendering them accessible to all These pieces make clear why Professor Cahn is regarded as one of the leading philosophy teachers of his generation

**Prehistoric Myths in Modern Political Philosophy** Karl Widerquist, 2016-12-05 How modern philosophers use and perpetuate myths about prehistory The state of nature the origin of property the origin of government the primordial nature of inequality and war why do political philosophers talk so much about the Stone Age And are they talking about a Stone Age that really happened or is it just a convenient thought experiment to illustrate their points Karl Widerquist and Grant S McCall take a philosophical look at the origin of civilisation examining political theories to show how claims about prehistory are used Drawing on the best available evidence from archaeology and anthropology they show that much of what we think we know about human origins comes from philosophers imagination not scientific investigation

**Key Features** Shows how modern political theories employ ambiguous factual claims about prehistory Brings archaeological and anthropological evidence to bear on those claims Tells the story of human origins in a way that reveals many commonly held misconceptions

**The Key Texts of Political Philosophy** Thomas L. Pangle, Timothy W. Burns, 2014-10-06 This book introduces readers to analytical interpretation of seminal writings and thinkers in the history of political thought including Socrates Plato Aristotle the Bible Thomas Aquinas Machiavelli Bacon Hobbes Locke Montesquieu Rousseau Tocqueville Marx and Nietzsche Chronologically arranged each chapter in the book is devoted to the work of a single thinker The selected texts together engage with 2000 years of debate on fundamental questions including what is the purpose of political life What is justice What is a right Do human beings have rights What kinds of human virtues are there and which regimes best promote them The difficulty of accessing the texts included in this volume is the result not only of their subtlety but also of the dramatic change in everyday life The authors shed light on the texts vocabulary and complexities of thought and help students understand and weigh the various interpretations of each philosopher s thought

**Religion Within Reason, Second Edition** Steven M. Cahn, 2025-02-27 Most believers and their critics agree that religious commitment relies on the acceptance of supernaturalism Steven M Cahn argues to the contrary He maintains that theism is neither necessary nor sufficient for adherence to a religious outlook He writes in a nonpolemical spirit about morality the problem of evil faith

miracles heaven mystical experience and religious diversity His book develops a strong case for the reconciliation of science and religion
