dystopian novel by American writer Ray Bradbury Fahrenheit 451 is the temperature at which book paper spontaneously catches fire and burns It is a futuristic novel describing a time when the government has ordered that all books be burned This may seem to be ridiculous and could never be happening but it is starting to happen in real life now today Now we have a president who accuses everything in the press of being fake news He tells his followers who constitute a near majority never to believe the news media He has ordered the arrest and criminal prosecution of the leading law enforcement officers including the Director of the FBI and the Director of the Central Intelligence Agency He has accused most of his political opponents of corruption and crime Nobody knows what is the truth and what is false any more He says that decisions of the highest courts of the United States are almost all fake He openly attacks and criticizes the highest judges of the Supreme Court He says the truth is false and the false is true The result is we the people do not know who or what to believe All the great scientists have found that climate change is real and our time on this earth may be limited but he says climate change is a hoax and we should ignore the works of the scientists This is not the first time this has happened In China Chairman Mao declared his Cultural Revolution and the Great Leap Forwards China has the oldest civilization in the world going back to before Confucius in 551 479 BC Yet during the Cultural Revolution Chairman Mao ordered all the old books burned and destroyed and even ordered the people to destroy their old household furniture I found this out myself in 2011 when I toured China after the World Memory Championships in Guangzhou China As a book publisher I wanted to reprint some old classical works I was shocked to discover that no books were available dated before 1949 and few after that Everything earlier than that had been destroyed I am still hoping that some older Chinese books have been preserved in Taiwan I consider a book dated 1949 to be a relatively new book I usually do not bother with such recent books The destruction of all books in China dated before 1949 is not reported on any website that I have found but I saw with my own eyes that all such books were gone

This Critical Companion examines in a Literary Heritage chapter the situation of Bradbury's works within the science fiction genre and explores thematic concerns that set works like *Fahrenheit 451* and *Dandelion Wine* apart from conventional popular SF writings. This introduction to Bradbury, written especially for students, traces Bradbury's interesting life, examining his early literary efforts, his forays into Hollywood, and his recent writing projects. Eight of Bradbury's major works are discussed at length, each in its own chapter, including two works published within the last ten years: *A Graveyard for Lunatics* (1990) and *Green Shadows White Whale* (1992). Clear, thoughtful analysis is also given for *The Martian Chronicles*, *The Illustrated Man*, *Something Wicked This Way Comes*, and *Death Is a Lonely Business*. In each chapter, analysis of the important literary components is given: plot, setting, characters, and themes. In addition, the genesis, critical reception, and an alternate reading of each work is also discussed in clear terms for students and general readers. Suggestions for further reading on Bradbury and his writings are also provided in a select yet extensive bibliography. This volume is ideal both for students reading Bradbury for the first time and for dedicated Bradbury fans who wish to appreciate his work with a deeper critical perspective.

Fahrenheit 451 Ray Bradbury, 2001. *Fahrenheit 451* ofrece la historia de un sombrío y horroroso futuro. Montag, el protagonista, pertenece a una extraña brigada de bomberos cuya misión paradójicamente no es la de sofocar incendios sino la de provocarlos para quemar libros. Porque en el país de Montag está terminantemente prohibido leer. Porque leer obliga a pensar y en el país de Montag está prohibido pensar. Porque leer impide ser ingenuamente feliz y en el país de Montag hay que ser feliz a la fuerza.
