Ready For Revolution The Cnt Defense Committees In Barcelona 1933 1938:

Ready for Revolution Agustín Guillamón, 2014-01-20 Seeing the writing on the wall one of Spain's largest unions began secretly arming workers throughout the country The anarcho syndicalist union evolved from overseeing workers defense to organizing armed resistance to the Fascist coup From there it administered entire militias and finally coordinated industrial self management and food distribution leading a revolution within the Spanish Civil War A fascinating new history and a lively narrative of ordinary men and women making history Agustín Guillamón is an independent historian and the author of *The Friends of Durruti Group 1937-39* and *The Committees Revolution*

Historical Geographies of Anarchism Federico Ferretti, Gerónimo Barrera de la Torre, Anthony Ince, Francisco Toro, 2017-07-14 In the last few years anarchism has been rediscovered as a transnational cosmopolitan and multifaceted movement Its traditions often hastily dismissed are increasingly revealing insights which inspire present day scholarship in geography This book provides a historical geography of anarchism analysing the places and spatiality of historical anarchist movements key thinkers and the present scientific challenges of the geographical anarchist traditions This volume offers rich and detailed insights into the lesser known worlds of anarchist geographies with contributions from international leading experts It also explores the historical geographies of anarchism by examining their expressions in a series of distinct geographical contexts and their development over time Contributions examine the changes that the anarchist movement sought to bring out in their space and time and the way this spirit continues to animate the anarchist geographies of our own perhaps often in unpredictable ways There is also an examination of contemporary expressions of anarchist geographical thought in the fields of social movements environmental struggles post statist geographies indigenous thinking and situated cosmopolitanisms This is valuable reading for students and researchers interested in historical geography political geography social movements and anarchism

Lessons of the Spanish Revolution Vernon Richards, 2019-09-01 *Lessons of the Spanish Revolution* examines the many ways in which Spain's revolutionary movement contributed to its own defeat Was it too weak to carry through the revolution To what extent was the purchase of arms and raw materials from outside sources dependent upon the appearance of a constitutional government inside Republican Spain What chances had an improvised army of guerrillas against a trained fighting force These were some of the practical problems facing the revolutionary movement and its leaders But in seeking to solve these problems the anarchists and revolutionary syndicalists were also confronted with other fundamental questions Could they collaborate with political parties and reformist unions Given the circumstances was one form of government to be supported against another Should the revolutionary impetus of the first days of resistance be halted in the interests of the armed struggle against Franco or be allowed to develop as far as the workers were prepared to take it Was the situation such that the social revolution could triumph and if not what was to be the role of the revolutionary workers Originally written as a series of weekly articles in the 1950s and expanded republished and translated into many languages over the years Vernon

Richards's analysis remains essential reading for all those interested in revolutionary praxis

Means and Ends Zoe Baker, 2023-07-25 An expansive and accessible account of anarchism as a theory of practice A new in depth look at the revolutionary strategy of anarchism in Europe and the United States between 1868 and 1939 Zoe Baker creator of a popular Youtube series on radical history and political theory brings her trademark clarity and accessibility to this debut book Cutting through misperceptions and historical inaccuracies she shows how the reasons anarchists gave for supporting or opposing particular strategies were grounded in a specific theoretical framework a theory of practice The consistent and coherent heart of anarchism Baker shows is the understanding that as people engage in activity political or otherwise they simultaneously change the world and themselves Put another way the means that revolutionaries propose to achieve social change have to involve forms of activity through which people can become individuals capable of overthrowing capitalism and the state as well as building a better society Behind this simple premise that anarchist ends can only be achieved through anarchist means lies a wealth of fascinating historical and theoretical detail that Baker presents clearly and engagingly

Insurrection Agustín Guillamón, 2019-12-01 May 1937 saw the defeat of one of the most advanced revolutions in modern history In *Insurrection* Agustín Guillamón explains how and why it happened One of the foremost historians of the Spanish Civil War writing today Guillamón is known for his skill at unearthing new information which he gathers from both archives and interviews In this his most recent and newly translated book he uses that information to shed light on some of the most vexing and previously unanswered questions about the conflict especially on the way that Stalinist and Republican forces conspired through assassination intrigue and violence to suppress the uprising This is a story that George Orwell recounted but failed to fully understand in *Homage to Catalonia*

The Cambridge History of Socialism: Volume 1 Marcel van der Linden, 2022-11-24 This volume describes the various movements and thinkers who wanted social change without state intervention It covers cases in Europe the Americas Africa and Asia The first part discusses early egalitarian experiments and ideologies in Asia Europe and the Islamic world and then moves to early socialist thinkers in Britain France and Germany The second part deals with the rise of the two main currents in socialist movements after 1848 anarchism in its multiple varieties and Marxism It also pays attention to organisational forms including the International Working Men's Association later called the First International and it then follows the further development of anarchism and its proletarian sibling revolutionary syndicalism its rise and decline from the 1870s until the 1940s on different continents The volume concludes with critical essays on anarchist transnationalism and the recent revival of anarchism and syndicalism in several parts of the world

The Sons of Night Antoine Gimenez, 2019-03-12 *The Sons of Night* is two or more books in one The first is Antoine Gimenez's memoir of his experiences in the Spanish Civil War an engaging tale of heroism and intrigue The remaining three quarters of the manuscript is a record of the fascination his memoir held for a group of historians the Gimenezologists and the multiple paths of research and inquiry it led them down Book Two begins with eighty

two endnotes to the memoir each the equivalent of a chapter that follows a particular historical thread or explores a question raised by Gimenez's text. This is followed by the biographies of various people appearing in the memoir, many based on the friendships the historians formed with the now elderly revolutionaries. The book closes with an Afterword discussing theoretical issues raised by the memoir and seven appendices. Also includes an Introduction by Spanish historian Julián Vadillo Muñoz.

Elgar Encyclopedia of Political Sociology Maria Grasso, Marco Giugni, 2023-12-11. This comprehensive and authoritative Encyclopedia featuring entries written by academic experts in the field explores the diverse topics within the discipline of political sociology. By looking at both macro and micro components, questions relating to nation states, political institutions and their development and the sources of social and political change such as social movements and other forms of contentious politics are raised and critically analysed.

Media Capitalism Thomas Klikauer, 2022-01-01. This book argues that media and capitalism no longer exist as separated entities and posits three reasons why one can no longer exist without the other. Firstly, mass media have become indispensable to capitalism due to the media's ability to sell the commodities of mass consumerism. Media capitalism also creates pro-capital attitudes among a target population and establishes an ideological hegemony. Thirdly, media capitalism provides mass deception to hide the pathologies of capitalism which include mass poverty, rising inequalities and the acceleration of global warming. To illuminate this, the book's historical chapter traces the emergence of media capitalism. Its subsequent chapters show how media capitalism has infiltrated the public sphere, society, schools, universities, the world of work and finally democracy. The book concludes by outlining how societies can transition from media capitalism to a post-media capitalist society.

Logistics Jeremy Black, 2023-01-04. This wide-ranging military history examines the vital yet overlooked role of logistics through the global evolution of warfare. An army cannot operate without supplies, yet military researchers and historians often overlook the essential aspect of logistics. In this comprehensive study, Jeremy Black provides an informative yet concise world history of military logistics through the ages. With special focus on key conflicts, Black examines such factors as climate, geography, food, supplies, welfare of troops, payment, transport, communications, terrain and distance. He also considers related factors including government policy, stability and financial conditions. He covers the sweep of history from ancient and medieval times to modern eras of industrial warfare, highlighting technological advances from oil and steam to cyber warfare and smart weapons.

In the House of the Hangman - Volume 8 John Bloomberg-Rissman, 2016-12-31. A marathon dance mix consisting of thousands of mashed-up text and image samples. In the House of the Hangman tries to give a taste of what life is like there where it is impolite to speak of the noose. It is the third part of the life project Zeitgeist Spam. If you can't afford a copy, ask me for a pdf.

Über Grenzen hinweg Adrian Hänni, Daniel Rickenbacher, Thomas Schmutz, 2022-03-08. Terroristische Netzwerke operieren global, foreign fighters schließen sich dem Islamischen Staat an und kehren teilweise wieder in ihre westlichen Ursprungsländer zurück. Anhand von Fallstudien aus der Geschichte des 20. Jahrhunderts bietet dieses Buch eine theoriegestützte Annäherung an das

Ph nomen grenz berschreitender politischer Gewalt wobei es erstmals behaupt den Aspekt der Transnationalit t selbst ins Zentrum r ckt Was sind die Ursachen und Triebkr fte von Transnationalisierungsprozessen Wie beeinflusst Transnationalit t die Akteure Formen und Aus bung von politischer Gewalt Und mit welchen Methoden k nnen Historiker transnationale Strukturen und Prozesse untersuchen **Terroristas, Pistoleros, Atracadores** Florian Grafl,2017-08-14 Warum durchlebte Barcelona zwischen 1918 und 1936 eine derart gewaltsame Epoche Dieser Band untersucht die kollektive Gewalt in der katalanischen Metropole jener Zeit Der Autor analysiert die Gewalt der Stadt in mehreren Schritten Zun chst zeigt er wie die Topographie Barcelonas die kollektiven Gewaltakte pr gte Anschlie end arbeitet er die h ufigsten Gewaltpraktiken heraus Dabei konzentriert er sich auf deren Entwicklung und erl utert sowohl die politischen als auch die sozialen und technischen Faktoren die sie beg nstigten Abschlie end analysiert er Gewaltt ter im Hinblick auf ihre Verbindung mit der st dtischen Gesellschaft wobei unter anderem die Frage im Vordergrund steht welche sozialen Gruppen durch besondere Gewaltaffinit t auffielen Why did Barcelona experience such a violent period between 1918 and 1936 This volume examines collective violence in the Catalan metropolis of that time The author breaks down his analysis of the city s violence into several steps firstly he sheds light upon the way in which the topography of Barcelona shaped collective acts of violence He then elaborates on the most common practices of violence In doing so he focuses on the development of said practices elucidating both the political social and technical facilitating factors Finally he analyses perpetrators of violence with regard to their connection with urban society focusing among other things on the question as to which social groups demonstrate the most affinity to violence **The CNT in the Spanish Revolution** José Peirats,2001 The author considers the role of anarchists and anarcho syndicalists in the Spanish Civil war **CNT in the Spanish Revolution Volume 1** José Peirats,2011-08-01 The CNT in the Spanish Revolution is the history of one of the most original and audacious and arguably also the most far reaching of all the twentieth century revolutions It is the history of the giddy years of political change and hope in 1930s Spain when the so called Generation of 36 Peirats own generation rose up against the oppressive structures of Spanish society It is also a history of a revolution that failed crushed in the jaws of its enemies on both the reformist left and the reactionary right Jos Peirats account is effectively the official CNT history of the war passionate partisan but above all intelligent Its huge sweeping canvas covers all areas of the anarchist experience the spontaneous militias the revolutionary collectives the moral dilemmas occasioned by the clash of revolutionary ideals and the stark reality of the war effort against Franco and his German Nazi and Italian Fascist allies This new edition is carefully indexed in a way that converts the work into a usable tool for historians and makes it much easier for the general reader to dip in with greater purpose and pleasure *The July Revolution* Leopoldo Bonafulla,2021-07-21 The Tragic Week in Spain which took place in July 1909 began as anti conscription riots but soon evolved into a widespread uprising attacking the pillars of Spanish society Church and State It is known today mostly for its most famous martyr Francisco Ferrer the radical educator and founder of the Modern School who

was executed by the Spanish army But Ferrer was only one of hundreds of people who died that week in a brutal crackdown on anarchists and other radicals Thousands were indicted by military courts including at least fifty who received life sentences In The July Revolution the full story of these events is told for the first time in English by an astute newspaper editor and eye witness to the events In a lively translation by Slava Faybysh and with a detailed historical Introduction by James Michael Yeoman the notorious week is given its historical due and situated in its proper context of Spain s imperial ambitions and the revolutionary stirrings that were precursors to the Spanish Civil War Cnt in the Spanish Revolution Volume 2 José Peirats, 2012-04 A careful chronicle of political change and hope in 1930s Spain this staggering work examines how the Confederaci n Nacional del Trabajo CNT rose up against the oppressive structures of Spanish society Documenting a history of revolution that failed at the hands of its enemies on both the reformist left and reactionary right this intelligent account covers all areas of the anarchist experience from the spontaneous militias and the revolutionary collectives to the moral dilemmas occasioned by the clash of revolutionary ideals and the stark reality of the war effort Passionately written and carefully indexed this edition is the only in depth English language text available and converts the work into a usable tool for historians and anarchists alike Volume 2 focuses on the battles raging at both the front and rear guards Additionally a biographical chapter The Life and Struggles of Jos Peirats gives a great deal of insight into this CNT fighter and historian
