Dear Mr. <Last Name>,

My name is <Name Here>. I am taking this opportunity to do an introduction and explain to you that I can offer.

If you want me to work in your city, I am a real estate agent who wishes to extend my services to you and operate in your area.

As a licensed property agent, my detailed knowledge of the current property market will benefit you or anyone you know whether you wish to buy or sell a house.

As a professional, you can know that I can give you access to services that you are unable to access readily. This includes services such as the house's current market value, domestic sales figures, market dynamics and the instruments available to a competent real estate agent only. I also provide exclusive resettlement and help to every US market.

Please contact me or notify me if you want more details, or if you know of anybody who would like to buy or market a house.

Thank you for giving me this chance, and I hope to hear from you soon.

 This book presents the first thoroughgoing analysis of the contractual effect of letters of comfort as it appears in both
 common law and civil law systems The commentary draws on cases from a wide variety of jurisdictions and on the full range
 of legal scholarship on the subject in several languages Among the specific issues and topics raised along the way are the
 following the typology of letters of comfort the legal nature of letters of comfort the use of letters of comfort in corporate
 group and banking practice the economic explanation for the use of letters of comfort the contractual effect of letters of
 comfort in French law ten commandments of letters of comfort Clearly evoking the tension between business needs the law
 and judicial application the book analyses what happens when the relationship between a lender and a creditor breaks down
 or the latter becomes insolvent and courts or arbitrators are asked to determine the legal status of a comfort letter This is an
 area of practice in which lawyers in any field of business activity are inevitably concerned and in which useful guidance is
 scarce For this reason this detailed analysis will be very welcome *Decennial Edition of the American Digest*, 1908
