Biracial Britain Remi Adekoya,2021-01-28 Barack Obama had a special talent for making different kinds of people feel comfortable around him because of his biracial life experience says Adekoya By the same token Adekoya himself seems poised to become one of the most important and subtle new voices in Britain s never ending conversation about race David Goodhart Unherd Mixed race is the fastest growing minority group in Britain By the end of the century roughly one in three of the population will be mixed race with this figure rising to 75 per cent by 2150 Mixed race is quite literally the future Paradoxically however this unprecedented interracial mixing is happening in a world that is becoming more and more racially polarized Race continues to be discussed in a binary fashion black or white we and they us and them Mixed race is not treated as a unique identity but rather as an offshoot of other more familiar identities remnants of the twentieth century one drop rule if you re not white you re black alarmingly prevail Therefore where does a mixed race person fit Stuck in the middle of these conflicts are individuals trying to survive and thrive It is high time we developed a new understanding of mixed race identity better suited to our century Remi Adekoya the son of a Nigerian father and a Polish mother now living in Britain has come to the conclusion that while academic theories can tell us a lot about how identities are socially constructed they are woeful at explaining how identities are felt He has spoken to mixed race Britons of all ages and racial configurations to present a thoughtful and nuanced picture of what it truly means to be mixed race in Britain today A valuable new addition to discussions on race *Biracial Britain* is a search for identity a story about life that makes sense to us An identity is a story These are our stories
