Blomster, David Cheetham, 2017-03-21 The Early Formative Olmec are central in a wide variety of debates regarding the development of Mesoamerican societies A fundamental issue in Olmec archaeology is the nature of interregional interaction among contemporaneous societies and the possible Olmec role in it Previous debates have often not been informed by recent research and data often relying on materials lacking archaeological context In order to approach these issues from new perspectives this book introduces readers to the full spectrum of the material culture of the Olmec and their contemporaries relying primarily on archaeological data much of which has not been previously published For the first time using a standard lexicon to consider the nature of the interaction among Early Formative societies the authors experts in diverse regions of Mesoamerican art and archaeology provide carefully considered contrasts and comparisons that advance the understanding of the Early Formative origins of social complexity in Mesoamerica **Rituals In Families And Family Therapy 2e** Black Evan Imber, Janine Roberts, Richard Alva Whiting, 2003-03-25 This edition builds on the case material of the first edition and develops the editors therapeutic approach that identifies normative family rituals as the basis for effective therapeutic rituals

Rituals for Our Times Evan Imber-Black, Janine Roberts, 1998-02-01 All human cultures across time have created rituals bringing family members together to celebrate welcome honor or mourn While contemporary rituals still exist to serve these important functions we often perform them automatically without considering their vital roles in our lives Many individuals feel alienated from the rituals of their childhoods while others are struggling to create satisfying new traditions that reflect their own present needs and circumstances Authors Evan Imber Black and Janine Roberts show how we can learn to tap the power of rituals to mark transitions express important values heal the past and deepen relationships Each chapter looks at the special issues and possibilities for nuclear extended single parent and remarried families as well as for single adults and couples The authors also pay particular attention to how changing gender roles are reflected in our rituals and how revitalized traditions can actually alter the course of intimate relationships Filled with first person stories and practical examples this book will help all readers enhance the meaning of traditions old and new reinforcing and celebrating life s many milestones and ties *Ritual and the Moral Life* David Solomon, Ruiping Fan, Ping-cheung Lo, 2012-03-23 In the

twentieth century in both China and the West ritual became marginalized in the face of the growth of secularism and individualism In China Confucianism and its essentially ritualistic comportment to the world were vigorously suppressed during the Cultural Revolution 1966 1976 under Mao Zedong But de ritualization already took place as a result of the Chinese Revolution of 1911 under Sun Yat Sen In the West while the process of de ritualization has been generally more gradual it has been nonetheless drastic In contrast to this situation this volume investigates the crucial role ritual plays in constituting the human understanding of their place in the cosmos the purpose of their lives and imbues human existence with a more complete sense of meaningfulness This volume presents the work of philosophers from both China and the West as they reflect upon the constitutive role that ritual plays in human life They reflect not only on ritual in general but also on specific Confucian and Christian appreciations of ritual This provocative volume is a beacon of warning to Western philosophers who think they have graduated from the trappings of ritual and a beacon of hope for Eastern thinkers who wish to avoid cultural fragmentation The Editors both Eastern and Western have together created a seamless work that not only introduces ritual but advances an argument for the contribution that ritual makes to cultural renewal This volume is a work of philosophical thinking about ritual doing but challenges those who think to realize that the salvation of philosophical thinking rests in the particularity and contingency of ritual doing Let us hope this volume is widely read for it points to that which might renew the West Jeffrey P Bishop Saint Louis University Catalogue of the Library of Congress Library of Congress, 1880 The Catalogue of the Public Library of Victoria Public Library, Museums, and National Gallery 50 Masterpieces of Murder Mystery & Detective Fiction (Vol. 1) Jules Verne, Charles Dickens, Mark (Vic.),1880 Twain, Fyodor Dostoyevsky, Oscar Wilde, Edgar Allan Poe, William Hope Hodgson, John Buchan, Anna Katharine Green, Bram Stoker, Charlotte Brontë, Anne Brontë, Emily Brontë, Arthur Conan Doyle, Frances Hodgson Burnett, Joseph Conrad, Algernon Blackwood, Guy de Maupassant, Ernest Bramah, Walter Scott, Thomas Hardy, Mary Roberts Rinehart, Daniel Defoe, Arthur Morrison, Agatha Christie, Marie Belloc Lowndes, Sax Rohmer, Alexandre Dumas, Washington Irving, Maurice Leblanc, Erskine Childers, Gaston Leroux, Wilkie Collins, Earl Derr Biggers, Edgar Wallace, Marcel Allain, Richard Marsh, H. George Flavel Danforth, Marion Effie Potter, 1900 Ritual as a Missing Link J. David Knottnerus, 2016-01-08 Up to now ritual has been under utilised for studying human behaviour This book narrows the gap in our understanding of the social causes and consequences of our actions by focusing on the ritualised behaviours that define much of our daily lives Knottnerus breaks new ground by comprehensively describing structural ritualistic theory He shows how structural reproduction has occurred throughout the world how rituals can be strategically used and how power can influence rituals and how the disruption and reconstitution of ritual is of crucial importance for human beings This book shows that ritual provides a missing link in sociology and helps us better explain the extreme complexity of human action and social reality

Beyond Priesthood Richard L. Gordon, Georgia Petridou, Jörg Rüpke, 2017-08-21 The last decade has seen a surge of scholarly interest in these religious professionals and a good number of high quality publications Our volume however with its unique intercultural character and its explicit focus on appropriation and contestation of religious expertise in the Imperial Era is substantially different Unlike the rather narrow focus of earlier studies of civic priests the papers presented here examine a wider range of religious professionals their dynamic interaction with established religious authorities and institutions and their contributions to religious innovation in the ancient Mediterranean world from the late Hellenistic period through to Late Antiquity from the City of Rome to mainland Greece Asia Minor Syria and Egypt from Greek civic practice to ancient Judaism A further advantage of our volume is the wide range of media of transmission taken into account Our contributors look at both old and new materials which derive not only from literary sources but also from papyri inscriptions and material culture Above all this volume assesses critically convenient terminological usage and offers a unique insight into a rich gamut of ancient Mediterranean religious specialists **Encyclopedia of Spirits and Ghosts in World Mythology** Theresa Bane, 2016-03-24 Of all the anomalous phenomenon reported ghost sightings are by far the most common The words ghost and spirit are used interchangeably in American English but in other cultures the lingering souls of the departed are not to be confused with ancestral spirits demonic spirits numens or poltergeists.
