Theology of the Open Table Eojin Lee, 2016-11-23 Theology of the Open Table begins with research on the traditional eucharistic understanding in the Presbyterian Church of Korea PCK through cultural and social analyses In developing his argument Eojin Lee has especially researched the biblical theological and early church sources in relation to his subject the Eucharist and the open table This book seeks to provide sound theological justification for the open table with an introduction of practices of the open table in the Uniting Church in Australia UCA *The Secularization of Baptism* Mark G. McKim, 2025-01-31 Does God actually do anything in baptism Is it more than just a symbol Most early Baptists would have answered yes Most Baptists today would answer no How and why did this change happen and does it matter Providing thorough documentation of the changing understandings of baptism among American Canadian and English Baptists from the 1600s to the present day The Secularization of Baptism demonstrates that four factors led to the symbolic only position becoming dominant These were suspicion in reaction to Roman Catholicism of the idea of God revealing himself through the physical the influence of the Enlightenment and embarrassment with claims that God could be acting in the world today reaction against the Oxford Movement and reaction against the understanding of baptism advocated by the Disciples of Christ Campbellites The now dominant symbolic only position so focuses attention on what the believer is doing in baptism that God is seen as largely absent from and doing nothing through the rite in effect believers baptism has been secularized A carefully reasoned biblical and theological argument is made for a return to the Regular Particular Baptist view that God is both profoundly spiritually present and active in baptism while at the same time rejecting the sacramentalist position advocated by a small number of mid twentieth and twenty first century Baptists such as H Wheeler Robinson George Beasley Murray Stanley K Fowler and Anthony R Cross **Introduction to Christian Liturgy** Frank C. A History of Preaching Otis Carl Edwards, 2004 Accompanying CD ROM contains the full text of volume one and two Volume two contains primary source material on preaching drawn from the entire scope of the church's twenty centuries Each chapter in volume two is geared to its companion chapter in volume one's narrative history

Worship with One Accord Geoffrey Wainwright, 1997 The historical course of Christianity in the twentieth century has been strongly marked by the Ecumenical Movement and the Liturgical Movement and often these currents for the recovery of the Church's unity and the renewal of its worship have flowed together In this new book author Geoffrey Wainwright draws on his three decades of active participation in both movements to offer a theologically informed account of what has been at stake in them what their achievements have been and what tasks remain for them to accomplish He shows how the two movements have engaged such issues as the authority and function of scripture and tradition as well as the nature of the Church and sacraments In this last connection Wainwright illuminates the convergence represented by the widely received Lima text on Baptism Eucharist and Ministry in the writing of which he played a prominent part The linguistic and anthropological turns that characterize twentieth century thought are reflected in the attention given to the language and ritual of worship The social location of the Church is addressed in chapters that look to liturgical practices for common Christian perspectives on ethics politics and culture so that discords and conflicts may be resolved and reconciled The book makes its own contribution to the symphony of praise to which the apostle Paul summons Christians and the

churches when they will with one mind and one voice glorify the God and Father of our Lord Jesus Christ

A History of Preaching Volume 1 O.C. Edwards, Jr., 2010-09-01 A History of Preaching brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church's ministry of proclamation. Bringing together an impressive array of familiar and lesser known figures, Edwards paints a detailed, compelling picture of what it has meant to preach the gospel. Pastors, scholars, and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching. Volume 1, appearing in the print edition, contains Edwards's magisterial retelling of the story of Christian preaching's development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century's discontent with outdated forms and emphasis on new modes of preaching such as narrative. Along the way, the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time: Origen, Chrysostom, Augustine, Bernard, Aquinas, Luther, Calvin, Wesley, Edwards, Rauschenbusch, Barth. All of their distinctive contributions receive careful attention. Yet lesser known figures and developments also appear from the ninth century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching to Howell Harris and Daniel Rowlands, preachers of the eighteenth century Welsh revival to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew. Volume 2, contained on the enclosed CD-ROM, contains primary source material on preaching drawn from the entire scope of the church's twenty centuries. The author has written an introduction to each selection, placing it in its historical context and pointing to its particular contribution. Each chapter in Volume 2 is geared to its companion chapter in Volume 1's narrative history. Ecumenical in scope, fair-minded in presentation, appreciative of the contributions that all the branches of the church have made to the story of what it means to develop, deliver, and listen to a sermon, A History of Preaching will be the definitive resource for anyone who wishes to preach or to understand preaching's role in living out the gospel. This work is expected to be the standard text on preaching for the next 30 years, says Ann K. Riggs, who staffs the NCC's Faith and Order Commission. Author Edwards, former professor of preaching at Seabury Western Theological Seminary, is co-moderator of the commission, which studies church uniting and church dividing issues. A History of Preaching is ecumenical in scope and will be relevant in all our churches, we all participate in this field, says Riggs from EcuLink Number 65, Winter 2004/2005, published by the National Council of Churches.

The Touch of the Sacred F. Gerrit Immink, 2014-08-03 All over the world, Christian communities meet on Sunday morning for worship. But what really happens during a worship service? How do worshipers participate in the service? What does it mean to sing, pray, and celebrate the Lord's Supper together? What do worshipers do when they listen to a sermon? In *The Touch of the Sacred*, Gerrit Immink offers thoughtful theological reflection on the religious practice of worship services in the Protestant tradition. He develops a theology of worship with a clear focus on the death and
