

PROJECTION LAMP—EQUIPMENT GUIDE

Projection Lamp-to-Equipment Guide. The following guide lists all projectors known to General Electric and the appropriate ANSI coded replacement lamp that was designated by the projector manufacturer.

All projection equipment manufactured or distributed by one company is grouped by type, application and model number/name under the company name. In some cases, you may know only the brand or model name, rather than the manufacturer name. See page 51 for a list of brand model names cross-referenced to manufacturer name.

Many of the projector models listed in this section are no longer manufactured. In cases where the specified replacement lamps are also no longer available, consult the Substitute Lamp Guide beginning on page 41 for lamps that may be substituted when requested.

While these data are based on the best information available, there may be errors or omissions in models and lamps for which we cannot be responsible. We welcome corrections, additions and suggestions for inclusion in future editions.
